You acknowledge that if you fail to provide accurate and timely information the Managers and their approved distributors have the right to deem you recalcitrant and/or reportable and shall be entitled to take all necessary action(s) against you to be compliant with requirements under FATCA, including but not limited to any local legislation enacted in connection with FATCA as the same may be modified, amended, supplemented, re-enacted or re-constituted from time to time. You should note that the Managers may compulsorily realise all or any of your Units in any of the circumstances set out in paragraph 20.8 of this Prospectus.

You authorise the Managers and their approved distributors to withhold or otherwise deduct from any payment any required tax or other government assessment, including but not limited to any requirement to withhold or deduct an amount pursuant to FATCA.

The Managers and their approved distributors shall have the right to determine and carry out any action which they consider to be appropriate to meet any obligations or requirements, whether in Singapore or elsewhere, for the purpose of the prevention of tax evasion. Such actions may include, but shall not be limited to, investigating and intercepting payments into and out of investors' account(s) (particularly in the case of international transfer of funds), investigating the source of or intended recipient of funds, sharing information and documents with any tax or regulatory authorities and withholding income from investors' accounts and transferring it to such tax authorities. For the purposes of this section relating to foreign account tax compliance, the following words and expressions shall have the following meanings:

"FATCA" means sections 1471 through 1474 of the United States Internal Revenue Code and any regulations and other guidance issued in connection thereto or any other agreement entered into with or between authorities and governments arising out of or in connection with FATCA or the implementation thereof, as each may be modified, amended, supplemented, re-enacted or re-constituted from time to time.

"US Person" means a United States citizen or resident individual, a partnership or corporation organised in the United States or under the laws of the United States or any state of the United States, or a trust if (i) a court within the United States would have authority under applicable law to render orders or judgments concerning substantially all issues regarding administration of the trust, and (ii) one or more US Persons have the authority to control all substantial decisions of the trust, or an estate of a decedent that is a citizen or resident of the United States. This definition shall be interpreted in accordance with the United States Internal Revenue Code. Please note that persons

who have lost their United States citizenship and who live outside the United States may nonetheless in some circumstances be treated as US Persons.

Common Reporting Standard and Automatic Exchange of Information

Following the development by the Organisation for Economic Cooperation and Development of a common reporting standard (“**CRS**”) to achieve a comprehensive and multilateral automatic exchange of information, the Income Tax (International Tax Compliance Agreements) (Common Reporting Standard) Regulations 2016 (the “**CRS Regulations**”) have been promulgated to allow Singapore to implement the CRS with effect from 1 January 2017. Singapore has committed to commence exchange of information under the CRS in 2018.

The CRS Regulations require certain Singapore financial institutions (as defined in the CRS Regulations) to identify financial asset holders and establish if they are resident for tax purposes in countries with which Singapore has a tax information sharing agreement. Singapore financial institutions will then report financial account information of the asset holder to the Singapore tax authorities, which will thereafter automatically transfer this information to certain competent foreign tax authorities on a yearly basis.

Accordingly, the Managers and/or the Trustee will require investors to provide, amongst other things, information in relation to their identities and tax residences of their accounts (and the controlling persons, if any), account details, reporting entity, account balance/value and income/sale or redemption proceeds and any additional documentation or information, which will then be reported to the Inland Revenue Authority of Singapore and the other relevant tax authorities for purposes of complying with FATCA, the CRS Regulations and any similar automatic exchange of tax information regimes.

into account any gains or losses arising from the use of the currency forwards in respect of the USD Hedged Class, the USD Hedged Class B and the USD Hedged (Acc) Class respectively.

- 5.4** For the SGD Hedged Class Units and the SGD Hedged Class B Units, the Managers intend to hedge the currency exposure of the assets of the Fund attributable to the SGD Hedged Class Units and the SGD Hedged Class B Units respectively, into SGD through the use of currency forwards. The hedging of the currency will be conducted on a monthly basis. Consequently, you should note that the NAV per Unit of each of the SGD Hedged Class and the SGD Hedged Class B will take into account any gains or losses arising from the use of the currency forwards in respect of the SGD Hedged Class and the SGD Hedged Class B respectively.
- 5.5** The USD Class, the USD Hedged Class, the USD Hedged Class B, the SGD Class, the SGD Hedged Class, the SGD Class B, the SGD Hedged Class B and the RMB Class each intends to make distributions to Holders in accordance with paragraph 7.3. However, the USD (Acc) Class and the USD Hedged (Acc) Class will each not make any distributions to the Holders of the relevant Class. The dividend and/or interest income and/or capital gains derived from the investments of the Fund that are attributable to each of these Classes will be accumulated as part of the assets of the Fund that are attributable to the relevant Class instead.
- 5.6** There are no material differences between the Classes of Units save for (i) the currency of denomination of each Class; (ii) the hedging features of the USD Hedged Class, the USD Hedged Class B, the USD Hedged (Acc) Class, the SGD Hedged Class and the SGD Hedged Class B (each a “**Hedged Class**” and collectively, the “**Hedged Classes**”); (iii) the annual management fee payable by each Class; (iv) the distribution policies applicable to the Classes as described above and (v) the minimum initial and subsequent investment amounts and the minimum holding for the Classes. Please refer to paragraph 10.10 of this Prospectus on the availability of a regular savings plan for the Classes.

6. INCLUSION UNDER THE CENTRAL PROVIDENT FUND INVESTMENT SCHEME

- 6.1** The Fund is included under the CPFIS for subscription by members of the public using their CPF Ordinary Account (the “**OA**”) monies and is classified under the category of Higher Risk – Narrowly Focused – Country - Japan.
- 6.2** The CPF interest rate for the OA is based on the 12-month fixed deposit and month-end savings rates of the major local banks. Under the CPF Act, the CPF Board pays a minimum interest of 2.5% per annum when this interest formula yields a lower rate.

Savings in the Special Account and Medisave Account (“**SMA**”) are invested in Special Singapore Government Securities (SSGS) which earn an interest rate pegged to either the 12-month average yield of 10-year Singapore Government Securities (10YSGS) plus 1%, or 4% whichever is the higher, adjusted quarterly.

New Retirement Account (“RA”) savings are invested in SSGS which earn a fixed coupon rate equal to either the 12-month average yield of the 10YSGS plus 1% computed for the year, or 4%, whichever is the higher. The interest credited to the RA is based on the weighted average interest rate of the entire portfolio of these SSGS invested using new and existing RA savings and is adjusted yearly in January.

As announced in September 2016, the Singapore government will maintain the 4% p.a. minimum rate for interest earned on all SMA and RA monies until 31 December 2017. Thereafter, interest rates on all CPF account monies will be subject to a minimum rate of 2.5% p.a..

The first S\$60,000 of a CPF member’s combined CPF accounts earns an extra 1% interest. To enable members to earn extra interest, only monies in excess of S\$20,000 in a member’s OA and S\$40,000 in the Special Account can be invested.

- 6.3** You should note that the applicable interest rates for each of the CPF accounts may be varied by the CPF Board from time to time. Subscriptions using CPF monies shall at all times be subject to the regulations and such directives or requirements imposed by the CPF Board from time to time.

7. INVESTMENT OBJECTIVE, FOCUS AND APPROACH / PRODUCT SUITABILITY / DISTRIBUTION POLICY

7.1 Investment Objective, Focus and Approach

The investment objective of the Fund is to provide a total return of capital growth and income over the medium to long term by investing in equity investments listed and traded on the Tokyo Stock Exchange.

The Fund’s investment focus is to invest in a diversified portfolio of dividend producing equity investments listed and traded on the Tokyo Stock Exchange that offer attractive and sustainable dividends from companies with relatively strong sustainable cash flows, stable growth and stable dividend payout.

The Fund will be actively managed and may allocate up to 30% of its NAV to cash to manage any downside market fluctuations and hence its investment approach will not be relative or constrained to its benchmark.

At the Fund level, the Fund’s exposure to the JPY will be unhedged.

There is no target industry or sector.

7.2 Product Suitability

The Fund is suitable for investors who:

- seek to achieve a total return of capital growth and income over the medium to long term from investment in equity investments listed and traded on the Tokyo Stock Exchange; and
- are willing and able to accept that their principal will be at risk.

You should consult your financial advisers if in doubt whether the Fund is suitable for you.

7.3 Distribution Policy

In respect of the USD Class Units, the USD Hedged Class Units, the USD Hedged Class B Units, the SGD Class Units, the SGD Class B Units, the SGD Hedged Class B Units, the SGD Hedged Class Units and the RMB Class Units, the Managers currently intend to make monthly distributions of approximately 5% to 7% per annum for each Class.

However, you should note that the distributions (including their frequency and amount) are not guaranteed and are at the discretion of the Managers.

Sources of income for distribution include dividend and/or interest income and/or capital gains derived from the investments of the Fund (collectively, the “**Investment Income**”). The Managers will decide whether a distribution is to be made based on various factors, including the Investment Income. If the Investment Income is insufficient to fund a distribution for the Fund, the Managers may, after consulting the auditors of the Fund and with the approval of the Trustee, determine that such distributions should be paid from the capital of the Fund.

In respect of the USD (Acc) Class Units and the USD Hedged (Acc) Class Units, no distributions will be made for these Classes.

8. FEES AND CHARGES

8.1 The following fees and charges are applicable to the Fund:

² “**Initial Sales Charge**” means a charge upon the issue of Units of such amount as the Managers may from time to time determine generally or in relation to any specific transaction or class of transactions provided that such charge shall not exceed five per cent. of the gross investment sum. Such expression in the context of a given date shall refer to the charge or charges determined by the Managers pursuant to the Deed and applicable on that date.

	For the avoidance of doubt, where the Initial Sales Charge paid for the Units being exchanged is more than the initial sales charge payable for the units being acquired, the Managers shall be entitled to retain the difference.

Fees and Charges payable by the Fund	
Annual Management Fee	<p><u>USD Hedged Class B, SGD Hedged Class B and SGD Class B</u></p> <p>Current: 0.75% of the Class' NAV; Maximum: 2.00% of the Class' NAV</p> <p><u>All other Classes</u></p> <p>Current: 1.50% of the Class' NAV; Maximum: 2.00% of the Class' NAV</p>

Other Fees and Charges	Subject to agreement with the relevant parties, other fees and charges, including, <i>inter alia</i> goods and services tax, fund administration fees, custodian fees and registrar fees may each amount to or exceed 0.10% p.a., depending on the proportion that each fee or charge bears to the Fund's NAV.

- 8.2** The fees of the Sub-Managers will be paid by the Managers and not out of the Deposited Property of the Fund.
- 8.3** The Initial Sales Charge and the Exchange Fee where applicable, will be retained by or paid to the approved distributors of the Managers and/or the Managers for their own benefit or will be shared between the approved distributors and the Managers. Any rounding differences due to the adjustment in the calculation of the Issue Price and Realisation Price will be retained by the Fund. Any commission, remuneration or other sum payable to the approved distributors in respect of the issue or sale of any Units shall not be added to the price of such Units but will be paid by the Managers. The approved distributors may also charge additional fees not listed in this Prospectus. You should therefore check with the approved distributors before subscribing for Units.
- 8.4** The Managers may at any time differentiate between investors as to the amount of the Initial Sales Charge and the Exchange Fee where applicable, (subject to the maximum permitted) or allow discounts on such basis or on such scale as the Managers may think fit.

9. RISKS

9.1 General risks of investing in collective investment schemes

- 9.1.1** While the Managers believe that the Fund offers the potential to achieve its stated objective, there is no assurance that this objective will be achieved. You should read this Prospectus and discuss all risks with your financial and legal advisers before making an investment decision, and you should also assess for yourself the risks of investing in equities and financial derivative instruments in general.
- 9.1.2** You should be aware that the price of Units can go down as well as up and this may be in response to changes in interest rates, foreign exchange, economic and political conditions. Past performance is not necessarily a guide to the future performance of the Fund. You may not get back your original investment. An investment in the Fund is designed to produce returns over the medium to long-term and is not suitable for short-term speculation. The value of the Fund and its distributions (if any) may rise or fall.
- 9.1.3** Dealings in the Units and the calculation of the net asset value thereof may be suspended in certain circumstances and the redemption of Units may be suspended or deferred in certain circumstances as provided for in the Deed.

9.2 Risks specific to the Fund

9.2.1 **Market Risk:**

The prices of the securities comprised in the portfolio of the Fund and the Units, and the income from them, may be influenced by political and economic conditions, changes in interest rates, the earnings of the corporations whose securities are comprised in the Fund's portfolio and the market's perception of such securities.

- 9.2.2 **Liquidity Risk:**** The extent of market liquidity would depend on the size of the market and therefore affect the Fund's ability to acquire or dispose of assets at the price and time desired. There may be state regulations governing the outward remittance by foreign investors of their share of net profits and dividends and repatriation of their investments in foreign currency.

- 9.2.3 **Currency Risk:**** As investments of the Fund are denominated predominantly in JPY, fluctuations of the exchange rates of the JPY against the currencies of denomination of the Classes may affect the value of the Units. The Classes may therefore be exposed to currency risk. For the Hedged Classes, the Managers intend to mitigate this currency risk by hedging the currency exposure of the assets of the Fund that are attributable to each of these Hedged Classes to the relevant currency in which they are each denominated using currency forwards.

In addition, as the Fund is denominated in JPY, foreign currency exchange rate movements may affect the returns to investors in Singapore (other than investors of the SGD Hedged Class and the SGD Hedged Class B), and such investors may be exposed to exchange rate risks.

If any investments of the Fund are denominated in currencies other than the currency in which the relevant Class of the Fund is denominated, fluctuations in the exchange rates of the currency of the investment against the currency of denomination of the relevant Class may affect the NAV of the relevant Class. With respect to the USD Class, the USD (Acc) Class, the SGD Class, the SGD Class B and the RMB Class the Managers do not intend to hedge the currency exposure of the assets of the Fund that are attributable to each of these Classes to the relevant currency in which they are each denominated.

With respect to the Hedged Classes, the following additional risks apply:

- (a) the Managers intend to hedge the currency exposure of the assets of the Fund that are attributable to the USD Hedged Class, the USD Hedged Class B and the USD Hedged (Acc) Class into USD and to the SGD Hedged Class and the SGD Hedged Class B into SGD, through the use of currency forwards. Consequently, you should note that the NAV per Unit of each Hedged Class will take into account any gains or losses arising from the use of the currency forwards in respect of the relevant Hedged Class;
- (b) although the Managers will seek to hedge 100% of the foreign currency exposure of each of the USD Hedged Class, the USD Hedged Class B and the USD Hedged (Acc) Class back to USD and of the SGD Hedged Class and the SGD Hedged Class B back to SGD, there is no guarantee that the foreign currency exposure of the relevant Hedged Class will be fully hedged at all times. If the foreign currency exposure of a Hedged Class is not fully hedged, the value of the Units of that Hedged Class will be affected by the depreciation and appreciation of the relevant foreign currencies against the USD or the SGD (as the case may be); and
- (c) the Managers may engage in currency hedging transactions with regards to the Hedged Classes. Each Hedged Class is designed (i) to reduce exchange rate fluctuations between its currency of denomination (i.e. USD or SGD, as the case may be) and the base currency of the Fund (i.e. JPY) or (ii) to reduce exchange rate fluctuations between its currency of denomination (i.e. USD or SGD, as the case may be) and the currencies of material investments within the Fund's portfolio. The hedging will be undertaken to reduce exchange rate fluctuations in case the base currency of the Fund or the currency(ies) of material investments within the Fund (the "**reference currency(ies)**") is/are declining or increasing in value relative to the USD or the SGD. The hedging strategy employed will seek to reduce as far as possible the exposure of the Hedged Classes but there is no assurance that the hedging objective will be achieved. In the case of a net flow to or from a Hedged Class, the hedging may not be adjusted and reflected in the NAV of the relevant Hedged Class until the following or a subsequent Business Day following the valuation day on which the instruction was accepted. You should be aware that the hedging strategy may substantially limit Holders of the Hedged Classes from benefiting from any potential increase in value of the relevant Hedged Class expressed in the reference currency(ies), if the USD or the SGD (as

the case may be) falls against the reference currency(ies). Additionally, investors of a Hedged Class may be exposed to fluctuations in the NAV per Unit of that Hedged Class reflecting the gains/losses on, and the costs of, the currency forwards. The gains/losses on, and the costs of, the currency forwards used for a Hedged Class will accrue solely to that Hedged Class.

Any financial instruments used to implement such hedging strategies with respect to a Hedged Class shall be assets and/or liabilities of the Fund as a whole, but will be attributable solely to that Hedged Class and the gains/losses on, and the costs of, the relevant financial instruments will accrue solely to that Hedged Class. However, due to the lack of segregated liabilities between Classes of the Fund, there is a risk that costs which are principally attributed to a Hedged Class may be ultimately charged to the Fund as a whole. In addition, any currency exposure of a Hedged Class may not be combined with or offset against that of any other Class of the Fund. The currency exposure of the assets attributable to a Hedged Class may not be allocated to the other Class(es) of the Fund.

9.2.4 Foreign Securities Risk: The investments of the Fund may be affected by political instability as well as exchange controls, changes in taxation, foreign investment policies and other restrictions and controls which may be imposed by the relevant authorities in the other countries. The legal infrastructure and accounting, auditing and reporting standards in certain countries in which an investment may be made by the Fund may not provide the same degree of investor protection or information to investors as would generally apply in major securities markets. Foreign ownership restrictions in some markets may mean that corporate action entitlements may not always be secured or may be restricted.

9.2.5 Country Specific Risk:

The Fund invests predominantly in Japanese securities. It will be exposed to fluctuations in the Japanese economy, and the market, currency, political, social environment and other risks related specifically to Japan, which may affect the market price of the Fund's investments. Exposure to a single country also increases the potential volatility of the Fund due to the increased concentration risk as its investments would be less diversified as compared to having exposure to regional or global markets.

9.2.6 Income Distribution Risk:

You should note that the income of the Fund (if any) may be distributed to Holders at the absolute discretion of the Managers. Sources of income for distribution include dividend and/or interest income and/or capital gains derived from the investments of the Fund. Such dividend and/or interest income may be adversely affected by events such as (but are not limited to) companies suffering unexpected losses or, having lower than expected dividends and adverse exchange rate fluctuations. In addition to distributions to Holders out of distributable income and/or capital gains, the Managers may make capital distributions to Holders at such time as they deem fit in accordance with the provisions of the Deed.

Where distributions are paid out of capital, the NAV of the relevant Class will be reduced and this will be reflected in the realisation price of the Units of that Class. Holders redeeming their Units may therefore receive an amount less than their initial investment. Such distributions may also result in reduced future returns to Holders.

- 9.2.7 Risk Associated with the Investment Strategy of the Fund:** As a result of its country-specific focus, the Fund will have substantial exposure to Japanese equities. Currency forwards will also be used to hedge the currency exposure of the Fund attributable to each of the USD Hedged Class, the USD Hedged Class B and the USD Hedged (Acc) Class into USD and to each of the SGD Hedged Class and the SGD Hedged Class B into SGD. The value of the Units of each of these Hedged Classes therefore depends not only on the exposure to and contribution from the equities portfolio held by the Fund but also the efficient use of the financial derivative instruments. The gains from the equities exposure may be offset from any losses from the forwards positions. Allocation to cash during rising market environment may also lead to a drag in performance.
- 9.2.8 Counterparty Risk:** The Trustee may (upon the instructions of the Managers), on behalf of the Fund, enter into transaction(s) with one or more counterparties which may expose the Fund to the credit risk of the counterparties with whom it trades and the risk of settlement default. The aforementioned counterparties may also be issuers of the securities in which the Fund invests. If any counterparty becomes bankrupt or insolvent, the Fund could experience delays in liquidating the position and significant losses, including declines in the value of its investment during the period in which the Trustee seeks to enforce its rights, inability to realise any gains on its investment during such period and fees and expenses incurred in enforcing its rights. Also, fraud, regulatory sanctions or a refusal to complete a transaction by any of these counterparties could significantly impair the operational capabilities or the capital position of the Fund. The Managers intend that the counterparties with which the Trustee deals on behalf of the Fund must have reasonable financial soundness at the time of entering into the relevant transaction. It is also possible that the above transactions will be terminated due, for instance, to bankruptcy, supervening illegality or change in the tax or accounting laws relative to those at the time the agreement was entered into. The Managers will use reasonable efforts to mitigate such risks but there can be no guarantee that transactions with such counterparties will always be completed in the manner contemplated by, and favourable to, the Fund.
- 9.2.9 Changes in Applicable Law and Regulation:** The Fund must comply with various legal and regulatory requirements imposed by the jurisdictions under which it operates. Should any of those laws change over the life of the Fund, the legal requirements to which the Fund and its Holders may be subject, could differ materially from current requirements.
- 9.2.10 Other Risks:** As the Managers may make capital distributions to Holders at such time as they deem fit in accordance with the Deed, you should note that although the investment horizon of the Fund is expressed to be medium to long-term, it is possible that the Fund may hold fairly large cash positions pending such capital distribution (if any) and (following any capital distribution) will also have a reduced

deposited property, thereby possibly reducing the returns to Holders. You should note further that any distribution made in respect of the Fund will be reflected in the realisation price of Units. Therefore, Holders who redeem their Units may receive less than their initial investment.

9.3 Financial Derivative Risk

9.3.1 In respect of the Fund, subject to the Code on Collective Investment Schemes issued by the Authority pursuant to the SFA, as may be amended, modified or supplemented from time to time by the Authority (the “**Code**”), the Managers may in their absolute discretion, invest in financial derivative instruments (“**FDIs**”) for the purpose of hedging the Fund’s existing portfolio provided that FDIs are not used to gear the overall portfolio. Where such FDIs are financial derivatives on commodities, such transactions shall be settled in cash at all times. The Fund may net its over-the-counter financial derivative positions, and if it does so, the Managers will ensure that they have obtained the legal opinions as stipulated in paragraph 5.15 of Appendix 1 of the Code.

9.3.2 Where FDIs are used, the global exposure of the Fund to FDIs or embedded FDIs will not exceed 100% of the net asset value of the Fund at all times and such exposure will be calculated using the commitment approach as described in, and in accordance with the provisions of, the Code.

9.3.3 The Managers employ a risk management process in the investment of FDIs. The risks related to each FDI the Managers invest in are duly measured, monitored and managed on an ongoing basis.

9.3.4 All open positions/exposure in FDIs will be marked to market at a frequency at least equal to the frequency of the calculation of the net asset value of the Fund.

9.3.5 The Managers have a dedicated team which is responsible for oversight of, amongst other things, the monitoring of the Fund for compliance with the investment guidelines. This team will be responsible for setting up and maintaining the checks on the investment guidelines and restrictions on both the automated and manual compliance systems, which cover pre-trade and on-going review of the Fund.

9.3.6 The Managers also have an established procedure to report breaches of the investment guidelines, if any.

9.3.7 The Managers will ensure that the risk management and compliance procedures and controls adopted in paragraphs 9.3.3 to 9.3.6 are adequate and have been or will be implemented and that they have the necessary expertise to control and manage the risks relating to the use of FDIs.

9.3.8 Risk associated with the use of FDIs

While the prudent and judicious use of derivatives by investment professionals can be beneficial, derivatives involve risks different from, and in some cases, greater than, the risks presented by more traditional investments. Some of the risks associated with derivatives are market risk, management risk, credit risk,

liquidity risk, moratorium risk, capital control risk, tax risk and leverage risk. The Managers have the necessary expertise and controls for investments in derivatives and have in place systems to monitor the derivative positions for the Fund, if any.

The viability of exercising derivative instruments depends on the market price of the investments to which they relate, and accordingly, the Managers may from time to time decide that it is not viable to exercise certain derivatives held by the Fund within the prescribed period, in which case, any costs incurred in obtaining the derivatives will not be recoverable. Additionally, the market price of the relevant investment may not exceed the exercise price attached to the derivative instrument at any time during the exercise period or at the time at which the warrants or options are exercised and if this happens, there may be an immediate loss to the Fund.

The Fund may invest into underlying funds which use or invest in FDIs, and it is possible that the Fund's NAV may be subject to volatility due to the Fund's or the underlying funds' usage or investment in FDIs.

The above is not an exhaustive list of the risks which you should consider before investing in the Fund. You should be aware that an investment in the Fund may be exposed to other risks of an exceptional nature from time to time.

10. SUBSCRIPTION OF UNITS

- (b) you are making the application for the subscription of Units while being present in Singapore; and

During any period when the issue of Units is suspended pursuant to paragraph 14 of this Prospectus, the application for subscription of Units through the internet will also be suspended. Any charges to be imposed by the Relevant Participating Distributor in connection with your application for the subscription of Units through the internet will be borne by you and such charges shall not be taken out of the Deposited Property or form part of the Initial Sales Charge. The Managers will provide you with hard copies of this Prospectus, the Deed and any supplemental deed for the time being in force upon your request. However, the Managers may levy a charge for providing you with a copy of the Deed and any such supplemental deed.

For the purposes of this paragraph 10.1.3, “**Relevant Persons**” means the Managers, the Trustee, the relevant authorities and any other person to whom the Relevant Participating Distributors deem it necessary to give, divulge or reveal information about your bank account, for the purpose of an application for Units via the internet.

10.1.4 Institutional investors

In respect of institutional investors, an application form may also be obtained directly from the Managers and, once duly completed, forwarded to the Managers, together with the subscription monies in respect of the application for Units.

³ “**CPF Investment Account**” means an account opened by a CPF member with a CPF agent bank in which money withdrawn from his CPF ordinary account is deposited for the purpose of investment under the CPFIS.

10.2 Minimum initial investment and minimum subsequent investment

	Minimum initial investment	Minimum subsequent investment
USD Class Units	US\$1,000*	US\$100*
USD (Acc) Class Units	US\$1,000*	US\$100*

* or such other amount as the Managers may determine from time to time upon giving prior notice to the Trustee.

10.3 Initial offer period and initial issue price

The initial offer period for each of the USD Class, USD (Acc) Class, USD Hedged Class B, USD Hedged (Acc) Class, SGD Class B, SGD Hedged Class B and RMB Class will be for such period or at such time as the Managers may decide from time to time upon notification to the Trustee and as at the date of registration of this Prospectus, each such initial offer period is expected to be within the next 6 to 12 months. During the relevant initial offer period, the USD Class Units, USD (Acc) Class Units, USD Hedged Class B Units and USD Hedged (Acc) Class Units will be offered at the initial issue price of US\$1.000 per Unit, the SGD Class B Units and SGD Hedged Class B Units will be offered at the initial issue price of S\$1.000 per Unit and the RMB Class Units will be offered at the initial issue price of RMB 5.000 per Unit.

10.4 Minimum size and other conditions

The Managers reserve the right not to proceed with the launch of any of the USD Class, USD (Acc) Class, USD Hedged Class B, USD Hedged (Acc) Class, SGD Class B, SGD Hedged Class B and RMB Class if:

- (i) the capital raised for the relevant Class as at the close of the initial offer period for that Class is less than JPY 2 billion or its equivalent; or
- (ii) the Managers are of the view that it is not in the interest of the investors or it is not commercially viable to proceed with the relevant Class(es).

In such event, the Managers may at their discretion declare the relevant Class(es) to be deemed not to have commenced, and shall notify the relevant investors of the same and return the subscription monies received (without interest) to the relevant investors no later than 30 Business Days after the close of the initial offer period for the relevant Class(es).

10.5 Pricing and Dealing Deadline

The issue price per Unit ("**Issue Price**") of each Class (following the close of its initial offer period), is calculated based on forward pricing and is determined based on the Value⁴ as at the Valuation Point⁵ on the relevant Dealing Day⁶ on which an application for Units is received, of the proportion of the Deposited Property of the relevant Class represented by 1 Unit of such Class and rounding such amount to the nearest 3 decimal places (or such other number of decimal places or such other method of rounding as the Managers may from time to time determine with the approval of the Trustee). The Managers shall be entitled to convert the Issue Price to any applicable foreign currency at the prevailing rate of exchange. The Managers may, subject to the prior approval of the Trustee, change the method of determining the Issue Price, and the Trustee shall determine if the Holders should be informed of such changes.

The dealing deadline is, in relation to any Dealing Day, currently 5 p.m. (Singapore time) on the said Dealing Day (the "**Dealing Deadline**") but this may be changed subsequently to any other time of the day by the Managers with the approval of the Trustee. This means that if an application is received and accepted by the Managers through their approved distributor(s) by the Dealing Deadline on any Dealing Day, the price will be based on the Value of the Fund for that Dealing Day. If an application is received and accepted by the Managers through their approved distributor(s) after the Dealing Deadline on that Dealing Day or on a day not being a Dealing Day, it shall be deemed to be received and accepted by the Managers only on the immediately following Dealing Day. The Issue Price will be determined only on the Business Day⁷ following the Dealing Day.

10.6 How the number of Units is allotted

The number of Units you will be issued is determined by dividing the gross investment sum paid by you (less the Initial Sales Charge) by the Issue Price per Unit, and then rounding the number of Units to the nearest 2 decimal places (or such other number of decimal places or such other method of rounding as the Managers may from time to time determine with the approval of the Trustee).

The following is an illustration of the number of Units that you will receive based on a hypothetical investment amount of \$1,000* and a notional Issue Price of \$1.000**:

⁴ "**Value**" means with reference to any Deposited Property or any part thereof, or with reference to any investment comprised or to be comprised in any Deposited Property, its net asset value or its value respectively as determined in accordance with paragraph 20.5.

⁵ "**Valuation Point**" means the close of business of the last market relevant to the Fund on a Dealing Day or such other time as the Managers with the prior approval of the Trustee may from time to time determine, and the Managers shall notify the Holders of such change if required by the Trustee.

⁶ "**Dealing Day**" in relation to the subscription and realisation of Units of the Fund or any Class, means a Business Day or such other day as provided in the Deed.

⁷ "**Business Day**" means a day on which the Tokyo Stock Exchange and banks in Singapore are open for business, or any other day as the Managers and the Trustee may agree in writing.

Where a Unit is to be issued to an applicant resident outside Singapore and additional expenses are incurred which would not have been incurred if such applicant had been resident in Singapore (the “**overseas expense**”), the overseas expense may be deducted out of the investment sum in addition to the Initial Sales Charge.

10.7 Confirmation of purchase

If your application is successful, a trade confirmation will normally be sent to you within 7 Business Days of the Managers’ receipt of your application.

10.8 Issue of Units

The Managers have the exclusive right to effect the creation and issue of Units and the acceptance or non-acceptance of applications for purchase of Units are at the absolute discretion of the Managers acting in consultation with the Trustee and in the best interest of the Fund. If your application is rejected by the Managers, the subscription monies will be refunded (without interest) to you, the relevant SRS operator or the relevant CPF agent bank (as the case may be) within a reasonable period of time in such manner as the Managers may determine.

No certificates will be issued by the Managers in respect of Units issued.

10.9 Cancellation of Units

Subject to the provisions of the Deed and to the terms and conditions for cancellation of Units in the application form for Units, you may cancel your subscription for Units by giving written notice to the Managers through the approved distributor(s) from whom you purchased your Units within 7 calendar days from the date of subscription or purchase of the Units (or such longer period as may be agreed between the Managers and the Trustee or such other period as may be prescribed by the Authority). Any Initial Sales Charge paid by you will be refunded to you. However, you will have to take the risk for any price changes in the net asset value of the relevant Class since you purchased the Units. The cancellation proceeds will be paid within 6 Business Days after the relevant Dealing Day on which the cancellation request is received or within such other time as may be

permitted by the Authority unless cancellation of Units has been suspended in accordance with the Deed.

10.10 Regular Savings Plan

The approved distributors of the Managers may make available a Regular Savings Plan (“**RSP**”) for the SGD Class Units and the SGD Hedged Class Units.

You may apply for Units of the relevant Class through a RSP upon satisfying the minimum initial investment amount applicable to that Class.

The current minimum monthly contribution for the RSP is S\$100. The monthly contribution for the RSP will be deducted from your bank account, CPF account (if applicable) or SRS account (as the case may be) on the 8th day of each month (or the next Business Day if that day is not a Business Day). Units will normally be allotted within 2 Business Days after the date on which the monthly contribution is deducted, but this may be exceeded in the case of Units purchased through the Managers' approved distributors or when Units are purchased using CPF or SRS monies.

If the deduction of these contributions is unsuccessful, no investment will be made for that month. No notification relating to the unsuccessful deduction will be sent to you. After 2 consecutive unsuccessful deductions, the RSP will be terminated and no notification of such termination will be sent to you.

You may terminate your participation in the RSP without penalty upon giving not less than 30 days' notice in writing to the approved distributor from whom you purchased your Units. The Managers reserve the right to terminate the RSP at any time in their absolute discretion by giving at least one month's notice to the affected Holders.

The Managers shall not assume any liability for any losses arising from the Holders' payment for the RSP via direct debit transactions.

You should contact the approved distributors of the Managers for further details of how to participate in a RSP.

For the avoidance of doubt, you should note that participation in a RSP is currently not available in respect of the USD Hedged Class Units, the USD Hedged Class B Units, the USD Hedged (Acc) Class Units, the USD (Acc) Class Units, the USD Class Units, the SGD Hedged Class B Units, the SGD Class B Units and the RMB Class Units.

11. REALISATION OF UNITS

11.1 How to sell Units

Holders may realise their Units by submitting a written realisation request in such form and together with such other documents as may be required to the Managers through the approved distributor(s) from whom they purchased their Units. Institutional investors who had purchased their Units directly from the Managers may realise their Units by submitting a realisation request in such form and together with such other documents as may be required to the Managers.

The Managers may refuse any realisation requests where all relevant documentation has not been submitted or if such realisation would result in non-compliance with the Minimum Holding and/or the Minimum Realisation requirement or in any other circumstances agreed with the Trustee and notified to the Holders.

Holders may make an electronic online application for the realisation of Units on or through the website of the Relevant Participating Distributor, or on an application form printed from such website.

11.2 Minimum Holding and Minimum Realisation

A Holder may not realise only part of his holding of Units without the approval of the Managers and the Trustee if such realisation is less than the Minimum Realisation of (in the case of the USD Hedged Class B, the SGD Hedged Class B and the SGD Class B) 10,000 Units of the relevant Class and (in the case of the SGD Class, the SGD Hedged Class, the USD Hedged Class, the USD (Acc) Class, the USD Class, the USD Hedged (Acc) Class and the RMB Class) 500 Units of the relevant Class or if due to such realisation, his holding of Units in the relevant Class would be reduced to less than the Minimum Holding of (in the case of the USD Hedged Class B, the SGD Hedged Class B and the SGD Class B) 100,000 Units of the relevant Class and (in the case of the SGD Class, SGD Hedged Class, USD Hedged Class, USD (Acc) Class, USD Class, USD Hedged (Acc) Class and the RMB Class) 500 Units of the relevant Class.

11.3 Pricing and Dealing Deadline

The net realisation proceeds are calculated by multiplying the number of Units of the relevant Class to be realised by the realisation price of the Units (“**Realisation Price**”). The Realisation Price per Unit of a Class of the Fund is calculated based on forward pricing and is determined based on the Value of the Deposited Property of the Class as at the Valuation Point on the relevant Dealing Day on which the realisation request is received, divided by the number of Units of the Class in issue or deemed to be in issue then, and rounding such amount to the nearest 3 decimal places (or such other number of decimal places or such other method of rounding as the Managers may from time to time determine with the approval of the Trustee). The Managers shall be entitled to convert the Realisation Price to any applicable foreign currency at the prevailing rate of exchange. The Managers may, subject to the prior approval of the Trustee, change the method of determining the Realisation Price, and the Trustee shall determine if the Holders should be informed of such changes.

The Dealing Deadline is, in relation to any Dealing Day, currently 5 p.m. (Singapore time) on the said Dealing Day but this may be changed subsequently to any other time of the day by the Managers with the approval of the Trustee. This means that if a realisation request is received and accepted by the Managers through their approved distributor(s) by the Dealing Deadline on any Dealing Day, the price will be based on the Value of the Fund for that Dealing Day. If a realisation request is received and accepted by the Managers through their approved distributor(s) after the Dealing Deadline on that Dealing Day or on a day not being a Dealing Day, it shall be deemed to be received and accepted by the Managers only on the immediately following Dealing Day. The Realisation Price will be determined only on the Business Day following the Dealing Day.

11.4 How realisation proceeds are calculated

The following is an illustration of the realisation proceeds that a Holder will receive based on a holding of 1,000 Units and a notional Realisation Price of \$1.050*.

1,000	x	\$1.050	=	\$1,050.00	-	Nil	=	\$1,050.00
Units to be realised		Realisation Price*		Gross realisation proceeds		Realisation Charge**		Net realisation proceeds payable
* The actual Realisation Price of a Class will fluctuate according to the net asset value of the relevant Class.								
** There is currently no Realisation Charge imposed.								
N.B.: All numerical figures used for the purpose of this illustration are hypothetical.								

If a Holder is resident outside Singapore, the Managers may deduct from the realisation proceeds, an amount equal to the excess of the expenses actually incurred over the amount of expenses which would have been incurred if the Holder had been resident in Singapore.

11.5 Payment of realisation proceeds

11.5.1 The realisation proceeds will be paid to Holders within 6 Business Days after the relevant Dealing Day on which the realisation request is received or within such other time as may be permitted by the Authority unless realisation of Units has been suspended in accordance with the Deed.

11.5.2 In the case of a Holder who has purchased Units with cash, any monies payable to him under the provisions of the Deed in respect of such Units will be paid by cheque sent through the post to his address appearing on the Register or by telegraphic transfer to a nominated bank account.

11.5.3 In the case of a Holder who has purchased Units with SRS monies, any monies payable to him under the provisions of the Deed in respect of such Units will be paid by transferring the monies to the relevant bank for credit of the Holder's SRS account or otherwise in accordance with the provisions of any applicable laws, regulations or guidelines. Where the Holder's SRS account has been closed, the monies will be paid to him in accordance with paragraph 11.5.2 or otherwise in accordance with any applicable laws, regulations or guidelines.

11.5.4 In the case of a Holder who has purchased Units with monies from his CPF Investment Account, any monies payable to him under the provisions of the Deed in respect of such Units will be paid by transferring the monies to the relevant CPF agent bank for credit of his CPF Investment Account. Where the Holder's CPF Investment Account has been closed, the monies will be paid to him where applicable, in accordance with the provisions of the CPFIS Regulations or in accordance with paragraph 11.5.2 or otherwise in accordance with any applicable laws, regulations or guidelines.

11.5.5 Payment of realisation proceeds made in accordance with the provisions of this paragraph 11.5 will be a satisfaction of the monies payable and shall be a good discharge to the Managers or the Trustee (as the case may be).

11.6 Limits on Realisations

- 11.6.1** The Managers may, with the approval of the Trustee, limit the total number of Units of the Fund or any Class which Holders may realise and which the Managers are entitled to have cancelled pursuant to the Deed (as the case may be) on any Dealing Day to 10% of the total number of Units of the Fund or Class (disregarding any Units of the Fund or Class which have been agreed to be issued), such limitation to be applied pro rata to all Holders of the Fund or Class who have validly requested realisations in relation to their Units of the Fund or Class on such Dealing Day so that the proportion realised of each holding of the Fund or Class so requested to be realised or cancelled pursuant to the Deed is the same for all Holders of the Fund or Class. Any Units of the Fund or Class which, by virtue of the powers conferred on the Managers by this paragraph, are not realised or cancelled (as the case may be) shall be realised or cancelled (subject to any further application of the provisions of this sub-paragraph) on the next succeeding Dealing Day PROVIDED THAT if on such next succeeding Dealing Day, the total number of Units of the Fund or Class to be cancelled or realised (as the case may be), including those carried forward from any earlier Dealing Day, exceeds such limit, the Managers may further carry forward the requests for realisation or cancellation (as the case may be) in relation to the Fund or Class until such time as the total number of Units of the Fund or Class to be realised or cancelled (as the case may be) on a Dealing Day falls within such limit. If realisation requests in relation to the Fund or Class are carried forward as aforesaid, the Managers shall give notice to the Holders of the Fund or Class affected thereby within 7 days that such Units have not been realised or cancelled and that (subject as aforesaid) they shall be realised or cancelled on the next succeeding Dealing Day. Requests for realisations which have been carried forward from an earlier Dealing Day shall be dealt with in priority to later requests.
- 11.6.2** If, immediately after any relevant day, the number of Units of the Fund or any Class in issue or deemed to be in issue, having regard to realisations and issues in respect of Units of the Fund or Class falling to be made by reference to that relevant day, would be less than such proportion (not exceeding 90% as may be determined by the Managers from time to time of the number of Units of the Fund or Class in issue or deemed to be in issue on that relevant day, the Managers may with the approval of the Trustee, with a view to protecting the interests of all Holders of the Fund or Class, elect that the Realisation Price per Unit of the Fund or Class in relation to all (but not some only) of the Units of the Fund or Class falling to be realised by reference to that relevant day shall be the price per Unit of the Fund or Class which, in the opinion of the Managers, reflects a fairer value for the Deposited Property having taken into account the necessity of selling a material proportion of the Investments as at that time constituting part of the Deposited Property, and by giving notice to the Holders of Units of the Fund or Class affected thereby within 2 Business Days after the relevant day, the Managers may, subject to the Trustee's approval and the provisions of the Code, suspend the realisation of those Units of the Fund or Class for such reasonable period as may be necessary to effect an orderly realisation of Investments. For the purposes of this paragraph the "fairer value" for the Deposited Property shall

be determined by the Managers in consultation with an approved broker and upon notification to the Trustee. The “material proportion” of the Investments means such proportion of the Investments which when sold would in the opinion of the Managers in consultation with the Trustee cause the Value of the Deposited Property to be significantly reduced.

12. EXCHANGE OF UNITS WITHIN GROUP TRUST

12.1 The Managers may, at their discretion and on such terms and conditions as they may impose (including the levying of fees or charges), on the application of a Holder, effect the exchange of Units for units of any other Group Trust⁸ (referred to as “units”) and on notification by the managers of a Group Trust of an application by the holder of units in that Group Trust, exchange such units for Units.

12.2 The following provisions will apply to such an exchange:

12.2.1 the exchange of Units for units is exercised by a Holder giving to the Managers through the approved distributor(s) from whom he purchased the Units a notice in such form as the relevant approved distributor may from time to time require and accompanied by a duly completed and executed application form for the subscription of units in the relevant Group Trust. Institutional investors who had purchased their Units directly from the Managers may exchange their Units by submitting a notice in such form as the Managers may from time to time require and accompanied by a duly completed and executed application form for the subscription of units in the relevant Group Trust;

12.2.2 the exchange of Units for units specified in the relevant notice (the “**Exchange Notice**”) will be made on the Common Exchange Dealing Day on which the Exchange Notice is received by the Managers through their approved distributor(s) up to 5.00 p.m. Singapore time on such Common Exchange Dealing Day. If an Exchange Notice is received by the Managers through their approved distributor(s) after 5.00 p.m. Singapore time on a Common Exchange Dealing Day or on a day that is not a Common Exchange Dealing Day, the Exchange Notice will be treated as having been received before 5.00 p.m. Singapore time on the next Common Exchange Dealing Day. For this purpose, “**Common Exchange Dealing Day**” is a day which is both a Dealing Day in relation to Units and a dealing day (as defined in the relevant trust deed) in relation to units of the Group Trust;

12.2.3 no Units will be exchanged during any period when the right of Holders to require the realisation of Units is suspended pursuant to the Deed or when the issue of units in the Group Trust is suspended pursuant to the suspension provisions set out in the trust deed of the relevant Group Trust or on any Common Exchange Dealing Day on which the number of Units that can be realised by any Holder is limited pursuant to the Deed;

⁸ “**Group Trust**” means such collective investment scheme which the Managers may at its discretion from time to time allow the exchange of Units/units into or from pursuant to paragraph 12. The list of Group Trusts may vary from time to time and is available from the Managers upon request.

- 12.2.4** a Holder is not entitled, without the consent of the Managers, to withdraw an Exchange Notice;
 - 12.2.5** any exchange of Units for units will be effected subject to any requirements or restrictions applicable to the realisation of Units and the issue of units, including without limitation, any Minimum Holding requirement, any minimum initial investment sum or minimum subsequent investment sum requirement;
 - 12.2.6** each Unit to be exchanged shall be valued at not less than the Realisation Price per Unit and each Unit to be issued shall be valued at not more than the Issue Price per Unit;
 - 12.2.7** an exchange of Units for units will be effected by the Holder realising his Units. The net proceeds of this realisation will then be utilised (subject to the discretion of the manager of the Group Trust to reject any applications for units) to subscribe for units of the relevant Group Trust at the prevailing issue price of the units of the relevant Group Trust;
 - 12.2.8** an exchange of units for Units will be effected by the managers of that Group Trust realising the units of that Group Trust and paying the net proceeds of the realised units to the Managers. The Managers will then issue Units at the prevailing Issue Price;
 - 12.2.9** the Managers are entitled to impose an Exchange Fee, as described under paragraph 8.1 of this Prospectus;
 - 12.2.10** the Trustee shall have no responsibility or liability to ensure that the provisions of the trust deed constituting the Group Trust relating to issue, realisation or exchange of units are complied with;
 - 12.2.11** the Managers may, at their discretion, reject any Exchange Notice; and
 - 12.2.12** no exchange is permitted between Units and units that are denominated in different currencies.
- 12.3** For the avoidance of doubt, any fee or charge (including any portion thereof) which the Managers are entitled to charge or retain pursuant to this paragraph 12 may generally or in any particular case be waived by the Managers at their sole discretion.

13. OBTAINING PRICES OF UNITS

The Issue Price and Realisation Price of the Units will be available on the Business Day following each Dealing Day.

You may check such prices on the Managers' website at <http://www.nikkoam.com.sg>.

14. SUSPENSION OF DEALINGS

- 14.1** Subject to the provisions of the Code, the Managers may at any time, with the approval of the Trustee, suspend the issue of Units, the right of Holders to require the realisation of Units and/or the valuation of Units and/or the Deposited Property of the Fund or any Class in, but not limited to, the following circumstances:

- 14.1.1** any period when the Recognised Stock Exchange on which any Authorised Investments forming part of the Deposited Property for the time being are listed or dealt in is closed (otherwise than for ordinary holidays) or during which dealings are restricted or suspended;
- 14.1.2** during any period when there exists any state of affairs which, in the opinion of the Managers or the Trustee, as the case may be, might seriously prejudice the interest of the Holders of the Fund or the relevant Class as a whole or of the Deposited Property;
- 14.1.3** any breakdown in the means of communication normally employed in determining the price of any of such Authorised Investments or the current price on any Recognised Stock Exchange or when for any reason the prices of any of such Authorised Investments cannot be promptly and accurately ascertained;
- 14.1.4** any period when remittance of money which will or may be involved in the realisation of such Authorised Investments or in the payment for such Authorised Investments cannot, in the opinion of the Managers or the Trustee, as the case may be, be carried out at normal rates of exchange;
- 14.1.5** any period when the fair value of a material portion of the assets of the Fund cannot be determined and for the purposes of this paragraph, "fair value" of an asset of the Fund is the price that the Fund would reasonably expect to receive upon the sale of the asset;
- 14.1.6** the period of 48 hours (or any longer period that the Managers and the Trustee agree) prior to the date of any meeting (or adjourned meeting) of Holders of the Fund or the relevant Class convened in accordance with the provisions of the Deed;
- 14.1.7** any period pursuant to an order or direction by the Authority;
- 14.1.8** during any period when the Managers or the Trustee is unable to conduct their/its business activities or their/its ability to conduct their/its business activities is substantially impaired, as a direct or indirect result of local or foreign government restrictions, the imposition of emergency procedures, civil disorder, acts or threatened acts of terrorism, war, strikes, pestilence, natural disaster or other acts of God; or
- 14.1.9** such circumstances as may be required under the provisions of the Code,

and payment for any Units of the Fund or the relevant Class realised before the commencement of any such suspension but for which payment has not been made before the commencement thereof may, if the Managers and the Trustee so agree, be deferred until immediately after the end of such suspension. Such suspension shall take effect forthwith upon the declaration in writing thereof to the Trustee by the Managers and subject to the provisions of the Code, shall terminate as soon as practicable when the condition giving rise to the suspension shall have ceased to exist and no other conditions under which suspension is authorised under this paragraph 14.1 shall exist upon the declaration in writing thereof by the Managers, and in any event, within 21 days of the commencement of the suspension. The period of suspension may be extended if the

Managers satisfy the Trustee that it is in the best interest of the Holders for the dealing in Units to remain suspended. Such extension is subject to weekly review by the Trustee.

Inception Date: 1 July 2013

“A.C.R.” means Average Annual Compounded Return

You should note that the past performance of the Fund indicated above is not necessarily indicative of the future performance of the Fund.

As at 28 February 2017, the SGD Class has been incepted for less than one year and the USD Class, the USD (Acc) Class, the USD Hedged Class B, the USD Hedged (Acc) Class, the SGD Class B, the SGD Hedged Class B and the RMB Class have each not been incepted yet. Accordingly, a track record of at least one year is not available for these Classes as at 28 February 2017. The inception date of the SGD Class is 1 April 2016.

Prior to 1 June 2017, the benchmark against which the Fund's performance is measured is the TOPIX Total Return Index (the "**Benchmark**"). With effect from 1 June 2017, the Benchmark will be removed and there will no longer be any benchmark for the Fund. This is because pursuant to the investment objective of the Fund, the Fund is managed on a total return basis and as such, it does not seek to outperform any benchmark.

15.2 Expense ratio

The expense ratios for the USD Hedged Class, the SGD Hedged Class and the SGD Class (calculated in accordance with the guidelines issued by the Investment Management Association of Singapore on the disclosure of expense ratios and based on figures in the Fund's latest audited accounts) for the financial year ended 31 December 2016 are 1.69%, 1.72% and 1.67% (annualised) respectively.

The following expenses (where applicable) are excluded from the calculation of the expense ratios:

- (a) interest expense;
- (b) brokerage and other transaction costs associated with the purchase and sales of investments (such as registrar charges and remittance fees);
- (c) foreign exchange gains and losses of the Fund, whether realised or unrealised;
- (d) front end loads, back-end loads and other costs arising on the purchase or sale of a foreign unit trust or mutual fund;
- (e) tax deducted at source or arising on income received including withholding tax; and
- (f) dividends and other distributions paid to Holders.

As the USD Class, the USD (Acc) Class, the USD Hedged Class B, the USD Hedged (Acc) Class, the SGD Class B, the SGD Hedged Class B and the RMB Class have each not been incepted yet, the expense ratios of these Classes are not available as at the date of registration of this Prospectus.

15.3 Turnover ratio

The turnover ratio of the Fund (calculated based on the lesser of purchases or sales of underlying investments of the Fund expressed as a percentage of daily average net asset value of the Fund) for the financial year ended 31 December 2016 is 59.47%.

16. SOFT DOLLAR COMMISSIONS/ ARRANGEMENTS

16.1 Appointment of soft dollar brokers

The Managers will only appoint soft dollar brokers onto their broker panel after they have ensured that:

- a) full disclosure of the practice of accepting soft dollars is made;
- b) the commission rates charged are comparable with the market rates;
- c) there is no conflict of interest;
- d) the soft dollar credits are used only for clearly defined services;
- e) at all times trades are executed through the respective brokers only on the basis of best execution regardless whether soft dollar benefits will accrue. Best execution shall include competitive prices with smooth execution ability; and
- f) relevant regulations and guidelines are complied with.

The procedures for the appointment of the brokers shall be no different from that of normal full service brokers.

Execution and allocation

If the Trustee objects to the use of the soft dollar brokers, the trades of the Fund shall be segregated from the rest of the trades that are executed through the relevant soft dollar broker(s). The Managers will execute trades for such accounts only with authorised full service brokers.

The Managers are responsible for ensuring that the allocation quotas are adhered to. In addition, the Managers will monitor the execution ability of the soft dollar brokers and assign the business strictly on a "best execution" basis.

16.2 Subject to the provisions of the Code, in its management of the Fund, the Managers may receive soft dollar commissions from, or may enter into soft dollar arrangements with, stockbrokers who execute trades on behalf of the Fund and the soft dollars received would be restricted to the following kinds of services:

- (a) specific advice as to the advisability of dealing in, or of the value of any investments;
- (b) research and advisory services;
- (c) economic and political analysis;
- (d) portfolio analysis including valuation and portfolio measurements;
- (e) market analysis;
- (f) data and quotation services;
- (g) computer hardware or software that are used to support the investment decision making process, the giving of advice, or the conduct of research or analysis; and
- (h) custodial services in relation to the investments managed for clients.

The following are, however, prohibited:

- a) travel, accommodation and entertainment expenses;
- b) general administrative goods and services including office equipment and premises;
- c) membership fees;
- d) employee salaries; and
- e) direct money payments / rebates.

The Managers will retain the records of the payments made using soft dollar commissions.

16.3 Subject to the provisions of the Code, the Sub-Managers may receive soft-dollar commissions from, or may enter into soft dollar arrangements with, stockbrokers who execute trades on behalf of the Fund. However, in any such arrangement, the Sub-Managers will abide by the restrictions and prohibitions set out in paragraph 16.2 above.

16.4 The Managers and the Sub-Managers will not accept or enter into soft-dollar commissions / arrangements unless:

- such soft-dollar commissions / arrangements would in the opinion of the Managers / Sub-Managers, assist the Managers / Sub-Managers in their management of the Fund;
- the Managers / Sub-Managers shall ensure at all times that best execution is carried out for the transactions; and
- no unnecessary trades are entered into in order to qualify for such soft-dollar commissions / arrangements.

17. CONFLICTS OF INTEREST

17.2 The Managers may from time to time have to deal with competing or conflicting interests of other funds managed by the Managers with the Fund. For example, the Managers may make a purchase or sale decision on behalf of some or all of the other funds managed by the Manager without making the same decision on behalf of the Fund, as a decision whether or not to make the same investment or sale for the Fund depends on factors such as the cash availability and portfolio balance of the Fund. However, the Managers will use their reasonable endeavours at all times to act fairly and in the interests of the Fund. In particular, after taking into account the availability of cash and the relevant investment guidelines of the other funds managed by the Manager and the Fund, the Managers will endeavour to ensure that securities bought and sold will be allocated proportionately as far as possible among the other funds managed by the Managers and the Fund. The Managers may also transact on the Fund's behalf with its affiliates. The Managers intend to deal with any conflicts of interests in a manner consistent with any applicable guidelines which may be issued from time to time by the Investment Management Association of Singapore.

17.3 The Managers are of the view that they are not in a position of conflict in managing their other funds as these funds and the Fund have different investment universes and investment restrictions. To the extent that there are overlapping investment objectives, the Managers will, as far as practicable, endeavour to have the same securities holdings for such overlapping areas with such securities allocated on a pro-rata basis among the funds. The Managers will conduct all transactions with or for the Fund at arm's length.

17.4 The Trustee is presently also offering registrar services to the Fund while the Custodian (which is a party related to the Trustee) is presently also providing valuation services to the Fund. These services are provided on an arm's length basis and the fees for these services are permitted to be paid out of the Deposited Property under the provisions of the Deed.

The method of calculation of the Value of any Investment may be changed to the extent permitted by the Authority and with the Trustee's prior approval, and the Trustee shall determine if the Holders should be informed of such change and the Managers shall notify the Holders of such change if so required by the Trustee.

- (b) where Investments have been agreed to be sold or purchased but such sale or purchase has not been completed, such Investments shall be excluded or included and the net sale or gross purchase consideration included or excluded (as the case may require) as if such sale or purchase had been duly completed;

- (c) where in consequence of any notice or request in writing given pursuant to clauses 13 or 14 of the Deed a reduction of the Fund by the cancellation of Units is to be effected but such reduction has not been completed those Units shall be deemed not to be in issue and any amount payable in cash and the Value of any Investments to be transferred out of the Deposited Property pursuant to such reduction shall be deducted from the Value of the Deposited Property;

- (g) an amount equal to the expenses incurred by the Managers and the Trustee in establishing and terminating the Fund and/or any Class and referred to in clauses 5.6(r) and 5.6(s) of the Deed less the amount thereof which has previously been or is then to be written off shall be included;
- (h) subject to clause 21 of the Deed and the Authorised Funds Investment Guidelines (as defined in the Deed), any Value (whether of an Investment or cash) otherwise than in JPY and any amounts to be deducted otherwise than in JPY shall be translated into JPY at the rate (whether official or otherwise) which the Managers, after consulting the Trustee or in accordance with a method approved by the Trustee, deem appropriate in all the circumstances having regard, *inter alia*, to any premium or discount which may be relevant and to the costs of exchange;
- (i) there shall be deducted the amount in respect of tax, if any, on net capital gains realised during a current Accounting Period (as defined in the Deed) prior to the valuation being made as in the estimate of the Managers will become payable attributable to the Fund; and

- (j) there shall be added the amount of any tax, if any, on capital gains estimated to be recoverable and not received attributable to the Fund.

20.5.4 In respect of paragraph 20.5.3 above, the Value of the proportion of the Deposited Property attributable to each Class shall be calculated by apportioning the Value of the Deposited Property (obtained in accordance with paragraphs 20.5.1 and 20.5.3 above provided that no deduction or addition shall be made in respect of expenses, charges or other amounts which are not common to all the Classes) between the Classes and then deducting from or adding to the value of the proportion of the Deposited Property for each Class any expense, charge or other amount attributable to such Class (including, but not limited to, the Management Fee if it differs between the Classes). For the avoidance of doubt, where any expense, charge or amount payable out of or payable into the Deposited Property pursuant to the Deed is attributable only to a particular Class, such amount shall only be deducted from or added to the value of the Deposited Property which is attributable to that Class and shall not affect the calculation of the Value of the Deposited Property attributable to the other Classes.

20.6 Valuation policy and performance measurement standards of the Managers

Valuations shall be done on every Dealing Day. There will not be a suspension of valuation by reason of an exchange holiday. In such cases, the last available security prices shall continue to be applied for valuation purposes.

Notwithstanding the foregoing, the Managers' pricing committee will subject to the provisions of the Code and the conditions set out in paragraph 14 of this Prospectus retain the discretion to suspend valuation if deemed necessary. The Managers' pricing committee is responsible for considering and arriving at a consensus decision to address any pricing disputes or valuation methodology that requires ad hoc decision due to market situation. Subject to the provisions of the Code, the Managers may request for approval to suspend the valuation and dealing of the Fund if the fair value of a material portion of the Fund's assets cannot be determined.

The Managers collate and maintain portfolio and series data in the performance systems on a periodic basis and generate performance results to meet reporting requirements. Time-weighted rate of return (TWRR) methodology is adopted for portfolio returns calculation.

20.7 Hard-to-value or illiquid assets

If the most recent available price for a security invested into by the Fund exceeds one month for reasons of non-availability of prices from regular market sources and/or counterparties, an appropriate liquidity reserve shall be applied on the last available price in accordance with the Managers' pricing and valuation policy. The adjusted price shall be approved by the Managers' pricing committee prior to application.

- (d) any Holder who fails any anti-money laundering, anti-terrorist financing or know-your-client checks, or where any information and/or documentary evidence requested by the Managers and/or the Trustee for the purposes of any anti-money laundering, anti-terrorist financing or know-your-client checks cannot be obtained from the Holder, or the Holder has failed to provide the same, in a timely manner; or
- (e) any Holder, where information (including but not limited to information regarding tax status, identity or residency), self-certifications or documents as may be requested by the Managers and/or the Trustee pursuant to any laws, regulations, guidelines, directives or contractual obligations with other jurisdictions' authorities (including, without limitation, the FATCA (as defined in the Important Information section of this Prospectus) and/or any Singapore laws, regulations, guidelines and directives implemented as part of any inter-governmental agreement entered into between the United States and Singapore in connection with the FATCA) cannot be obtained from the Holder, or the Holder has failed to provide the same, in a timely manner; or
- (f) any Holder who does not consent, or withdraws his consent, for the Managers or the Trustee to collect, use and/or disclose information or data relating to the Holder, where such information or data is necessary for, or reasonably required by, the Managers, the Trustee, their respective

related corporations and/or other service providers to perform their respective services and/or duties to or in respect of (i) the Fund and/or (ii) the Holder in relation to his holdings of Units in the Fund.

- 20.8.2** If the Managers and/or the Trustee are required to account to any duly empowered fiscal authority of Singapore or elsewhere for any income or other taxes, charges or assessments whatsoever on the value of any Units held by a Holder, the Managers (in consultation with the Trustee) shall be entitled to compulsorily realise such number of Units held by that Holder as may be necessary to discharge the liability arising. The Managers and/or the Trustee (as the case may be) shall be entitled to apply the proceeds of such realisation in payment, reimbursement and/or set-off against the liability.
- 20.8.3** Any compulsory realisation under paragraphs 20.8.1 or 20.8.2 may be carried out by the Managers on any Dealing Day after giving prior written notice to the relevant Holder, and shall be carried out in accordance with, and at the realisation price determined under, the relevant provisions of the Deed.
- 20.8.4** The Managers, the Trustee and their respective delegates, agents or Associates (as defined in the Deed) shall not be liable for any loss (whether direct or consequential and including, without limitation, loss of profit or interest) or damage suffered by any Holder or any party arising out of or caused in whole or in part by any actions which are taken by the Managers, the Trustee and/or any of their respective delegates, agents or Associates under paragraphs 20.8.1, 20.8.2 or 20.8.3.
