Note:

- (1) Nil subscription fee or preliminary charge.
- (2) With effect from 1 September 2025, references to "Nikko Asset Management Asia Limited", "Nikko AM Asia Limited VCC", "NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF" and "Nikko Asset Management Co., Ltd" shall be deemed deleted and replaced with "Amova Asset Management Asia Limited", "Amova Asia Limited VCC", "Amova-StraitsTrading MSCI China Electric Vehicles and Future Mobility Index ETF" and "Amova Asset Management Co., Ltd" respectively.

The MSCI China All Shares IMI Future Mobility Top 50 Index is the current benchmark for the NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF. The MSCI China All Shares IMI Future Mobility Top 50 Index is compiled and calculated by MSCI (the "Index Licensor") and aims to track the performance of Chinese companies listed in US, Hong Kong and China, and other markets from time to time, that are expected to derive significant revenues from energy storage technologies, autonomous vehicles, shared mobility and new transportation methods.

The MSCI AC Asia ex Japan ex China Index is the current benchmark for the Amova MSCI AC Asia ex Japan ex China Index ETF. The MSCI AC Asia ex Japan ex China Index is compiled and calculated by MSCI (the "Index Licensor") and aims to track the performance of large and mid-cap companies across Developed Markets countries (excluding Japan) and Emerging Markets countries (excluding China) in Asia.

The list of Developed Markets countries and Emerging Markets countries in Asia as defined by MSCI, can be found at https://www.msci.com/index-country-membership-tool under "AC ASIA".

With a large number of Index Securities, the Index covers approximately 85% of the free float-adjusted market capitalization in each country.

About NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF

The NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF (the "**Sub-Fund**") is an authorised scheme under Section 286 of the Securities and Futures Act 2001. It is a sub-fund established under the Nikko AM Asia Limited VCC (the "Company"), a variable capital company incorporated in Singapore on 18 October 2021 with variable capital and limited liability with the company registration number T21VC0223L, under the Variable Capital Companies Act (the "Act").

The investment objective of the Sub-Fund is to achieve long term capital growth by replicating the returns of the MSCI China All Shares IMI Future Mobility Top 50 Index (the "Index").

The Sub-Fund will seek to achieve its investment objective by investing all, or substantially all, of its assets in securities which are for the time being constituent securities of the Index ("Index Securities") in substantially the same weightings as reflected in the Index (i.e. using a full replication strategy). The Manager may in its absolute discretion adopt a representative sampling strategy instead of a full replication strategy. Representative sampling is a strategy of investing in a representative sample of securities in the Index which have a similar investment profile as that of the Index. The Manager may invest in certain securities that are not included in the Index ("non-Index Securities") but have aggregate characteristics (such as yield and duration) similar to those of the Index. Various circumstances may make it impossible or impracticable to purchase each component Index Security in the same weightings as reflected in the Index. In those circumstances, the Manager may employ a combination of one or more investment techniques in seeking to closely track the Index. In addition, given that Index Securities may be and are added to or removed from the Index from time to time, the Manager may sell or purchase securities that are not yet represented in the Index in anticipation of their removal from or addition to the Index.

In order to achieve its investment objective, the Sub-Fund will invest and have direct access to certain eligible China A-shares through the Shanghai-Hong Kong Stock Connect and the Shenzhen-Hong Kong Stock Connect (collectively, the "Stock Connect") and may invest through the Manager's status and capacity under the QFI framework in listed equities in the China A-shares market.

Note: Investors are advised to refer to the Fund's prospectus for more details of the Fund.

About Amova MSCI AC Asia ex Japan ex China Index ETF

The Amova MSCI AC Asia ex Japan ex China Index ETF (the "**Sub-Fund**") is an authorised scheme under Section 286 of the Securities and Futures Act 2001. It is a sub-fund established under the Nikko AM Asia Limited VCC (the "**Company**"), a variable capital company incorporated in Singapore on 18 October 2021 with variable capital and limited liability with the company registration number T21VC0223L, under the Variable Capital Companies Act (the "**Act**").

The investment objective of the Sub-Fund is to track as closely as possible, before fees and expenses, the returns of the MSCI AC Asia ex Japan ex China Index (the "Index").

The Sub-Fund will seek to achieve its investment objective by adopting:-

- (i) an Optimisation Strategy of investing in securities which are primarily selected from the constituent securities of the Index ("Index Securities"). An Optimisation Strategy involves investing in a portfolio of securities selected by the Manager featuring a high correlation to the Index and with the aim of minimising Index tracking error; and/or
- (ii) a Representative Sampling Strategy. Representative sampling involves investing in a representative sample of securities in the Index which have a similar investment profile as that of the Index.

Under either strategy above, the Manager may also invest in non-Index Securities which have a high correlation to the Index or have aggregate characteristics (such as yield and duration) similar to those of the Index.

Various circumstances may make it impossible or impracticable to purchase each component Index Security in the same weightings as reflected in the Index. In those circumstances, the Manager may employ a combination of one or more investment techniques in seeking to closely track the Index. In addition, given that Index Securities may be and are added to or removed from the Index from time to time, the Manager may sell or purchase securities that are not yet represented in the Index in anticipation of their removal from or addition to the Index.

In addition, the Manager may, from time to time, at its discretion invest in Depository Receipts (DRs) of any Index Securities and invest in FDIs for the purpose of hedging and/or efficient portfolio management ("**EPM**").

Note: Investors are advised to refer to the Fund's prospectus for more details of the Funds.

This document is purely for informational purposes only with no consideration given to the specific investment objective, financial situation and particular needs of any specific person. It should not be relied upon as financial advice. Any securities mentioned herein are for illustration purposes only and should not be construed as a recommendation for investment. You should seek advice from a financial adviser before making any investment. In the event that you choose not to do so, you should consider whether the investment selected is suitable for you. Investments in funds are not deposits in, obligations of, or guaranteed or insured by Nikko Asset Management Asia Limited ("Nikko AM Asia").

Past performance or any prediction, projection or forecast is not indicative of future performance. The Fund or any underlying fund may use or invest in financial derivative instruments. The value of shares and income from them may fall or rise. Investments in the Fund are subject to investment risks, including the possible loss of principal amount invested. You should read the relevant prospectus (including the risk warnings) and product highlights sheet of the Fund, which are available and may be obtained from appointed distributors of Nikko AM Asia or our website (www.nikkoam.com.sg) before deciding whether to invest in the Fund.

The information contained herein may not be copied, reproduced or redistributed without the express consent of Nikko AM Asia. While reasonable care has been taken to ensure the accuracy of the information as at the date of publication, Nikko AM Asia does not give any warranty or representation, either express or implied, and expressly disclaims liability for any errors or omissions. Information may be subject to change without notice. Nikko AM Asia accepts no liability for any loss, indirect or consequential damages, arising from any use of or reliance on this document.

The performance of the ETF's price on the Singapore Exchange Securities Trading Limited ("SGX-ST") may be different from the net asset value per share of the ETF. The ETF may also be suspended or delisted from the SGX-ST. Listing of the shares does not guarantee a liquid market for the shares. Investors should note that the ETF differs from a typical unit trust and shares may only be created or redeemed directly by a participating dealer in large creation or redemption shares.

(Where relevant – for funds included under CPFIS) The Central Provident Fund ("CPF") Ordinary Account ("OA") interest rate is the legislated minimum 2.5% per annum, or the 3-month average of major local banks' interest rates, whichever is higher, reviewed quarterly. The interest rate for Special Account ("SA") is currently 4% per annum or the 12-month average yield of 10-year Singapore Government Securities plus 1%, whichever is higher, reviewed quarterly. Only monies in excess of \$20,000 in OA and \$40,000 in SA can be invested under the CPF Investment Scheme ("CPFIS"). Please refer to the website of the CPF Board for further information. Investors should note that the applicable interest rates for the CPF accounts and the terms of CPFIS may be varied by the CPF Board from time to time.

Nikko Asset Management Asia Limited. Registration Number 198202562H.

11. Financial ratios

Expense ratio

NikkoAM-StraitsTrading MSCI
China Electric Vehicles and Future
Mobility ETF
30 June 2025 30 June 2024

Total operating expenses	S\$	178,915	186,477
Average daily net asset value	S\$	25,545,961	26,575,857
Total expense ratio ¹	%	0.70	0.70

Amova MSCI AC Asia EX Japan EX China Index ETF 30 June 2025

Total operating expenses	S\$	42,335
Average daily net asset value	S\$	26,014,172
Total expense ratio ¹ (annualised)	%	0.60

The expense ratio has been computed based on the guidelines laid down by the Investment Management Association of Singapore ("IMAS"). The calculation of the expense ratio at financial period end was based on total operating expenses divided by the average net asset value for the year. The total operating expenses do not include (where applicable) brokerage and other transactions costs, performance fee, interest expense, distribution paid out to shareholders, foreign exchange gains/losses, front or back end loads arising from the purchase or sale of other funds and tax deducted at source or arising out of income received. The Sub-Funds does not pay any performance fee. The average net asset value is based on the daily balances.

REPORT TO SHAREHOLDERS

For the financial period from 1 January 2025 to 30 June 2025 (Unaudited)

11. Financial ratio (continued)

Turnover ratio

Turnover ratio		China Electric Vo	itsTrading MSCI ehicles and Future lity ETF 30 June 2024
Lower of total value of purchases or sales	S\$	5,366,813	4,221,760
Average daily net asset value	S\$	26,955,002	23,921,230
Total turnover ratio ²	%	19.91	17.65
			Amova MSCI AC Asia EX Japan EX China Index ETF 30 June 2025
Lower of total value of purchases or sales	S\$		149,231
Average daily net asset value	S\$		26,014,172
Total turnover ratio ²	%		0.57

The portfolio turnover ratio is calculated in accordance with the formula stated in the Code on Collective Investment Schemes. The calculation of the portfolio turnover ratio was based on the lower of the total value of purchases or sales of the underlying investments, divided by the average daily net asset value.

12. Related party transactions

The Manager of the Sub-Funds is Nikko Asset Management Asia Limited, a subsidiary of Nikko Asset Management International Limited. The Custodian of the Sub-Funds is DBS Trustee Limited (the "Custodian").

Management fee is payable to the Manager. Custody fee is payable to the Custodian. Registrar fee and administrator fee are payable to a related company of the Custodian, DBS Bank Limited.

In addition to related party information shown elsewhere in the financial statements (including the Statement of Portfolio), the following significant transactions took place during the financial period between the Sub-Funds and a related party at terms agreed between the parties and within the provisions of the Deeds:

Inception date: 20 January 2022

The MSCI China All Shares IMI Future Mobility Top 50 Index is compiled and calculated by MSCI (the "**Index Licensor**") and aims to track the performance of Chinese companies listed in US, Hong Kong and China, and other markets from time to time, that are expected to derive significant revenues from energy storage technologies, autonomous vehicles, shared mobility and new transportation methods.

About NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF

The NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF (the "Sub-Fund") is an authorised scheme under Section 286 of the Securities and Futures Act 2001. It is a sub-fund established under the Nikko AM Asia Limited VCC (the "Company"), a variable capital company incorporated in Singapore on 18 October 2021 with variable capital and limited liability with the company registration number T21VC0223L, under the Variable Capital Companies Act (the "Act").

The investment objective of the Sub-Fund is to achieve long term capital growth by replicating the returns of the MSCI China All Shares IMI Future Mobility Top 50 Index (the "Index").

The Sub-Fund will seek to achieve its investment objective by investing all, or substantially all, of its assets in securities which are for the time being constituent securities of the Index ("Index Securities") in substantially the same weightings as reflected in the Index (i.e. using a full replication strategy). The Manager may in its absolute discretion adopt a representative sampling strategy instead of a full replication strategy. Representative sampling is a strategy of investing in a representative sample of securities in the Index which have a similar investment profile as that of the Index. The Manager may invest in certain securities that are not included in the Index ("non-Index Securities") but have aggregate characteristics (such as yield and duration) similar to those of the Index. Various circumstances may make it impossible or impracticable to purchase each component Index Security in the same weightings as reflected in the Index. In those circumstances, the Manager may employ a combination of one or more investment techniques in seeking to closely track the Index. In addition, given that Index Securities may be and are added to or removed from the Index from time to time, the Manager may sell or purchase securities that are not yet represented in the Index in anticipation of their removal from or addition to the Index.

In order to achieve its investment objective, the Sub-Fund will invest and have direct access to certain eligible China A-shares through the Shanghai-Hong Kong Stock Connect and the Shenzhen-Hong Kong Stock Connect (collectively, the "Stock Connect") and may invest through the Manager's status and capacity under the QFI framework in listed equities in the China A-shares market.

Note: Investors are advised to refer to the Fund's prospectus for more details of the Fund.

This document is purely for informational purposes only with no consideration given to the specific investment objective, financial situation and particular needs of any specific person. It should not be relied upon as financial advice. Any securities mentioned herein are for illustration purposes only and should not be construed as a recommendation for investment. You should seek advice from a financial adviser before making any investment. In the event that you choose not to do so, you should consider whether the investment selected is suitable for you. Investments in funds are not deposits in, obligations of, or guaranteed or insured by Nikko Asset Management Asia Limited ("Nikko AM Asia").

Past performance or any prediction, projection or forecast is not indicative of future performance. The Fund or any underlying fund may use or invest in financial derivative instruments. The value of shares and income from them may fall or rise. Investments in the Fund are subject to investment risks, including the possible loss of principal amount invested. You should read the relevant prospectus (including the risk warnings) and product highlights sheet of the Fund, which are available and may be obtained from appointed distributors of Nikko AM Asia or our website (www.nikkoam.com.sg) before deciding whether to invest in the Fund.

The information contained herein may not be copied, reproduced or redistributed without the express consent of Nikko AM Asia. While reasonable care has been taken to ensure the accuracy of the information as at the date of publication, Nikko AM Asia does not give any warranty or representation, either express or implied, and expressly disclaims liability for any errors or omissions. Information may be subject to change without notice. Nikko AM Asia accepts no liability for any loss, indirect or consequential damages, arising from any use of or reliance on this document.

The performance of the ETF's price on the Singapore Exchange Securities Trading Limited ("SGX-ST") may be different from the net asset value per share of the ETF. The ETF may also be suspended or delisted from the SGX-ST. Listing of the shares does not guarantee a liquid market for the shares. Investors should note that the ETF differs from a typical unit trust and shares may only be created or redeemed directly by a participating dealer in large creation or redemption shares.

(Where relevant – for funds included under CPFIS) The Central Provident Fund ("CPF") Ordinary Account ("OA") interest rate is the legislated minimum 2.5% per annum, or the 3-month average of major local banks' interest rates, whichever is higher, reviewed quarterly. The interest rate for Special Account ("SA") is currently 4% per annum or the 12-month average yield of 10-year Singapore Government Securities plus 1%, whichever is higher, reviewed quarterly. Only monies in excess of \$20,000 in OA and \$40,000 in SA can be invested under the CPF Investment Scheme ("CPFIS"). Please refer to the website of the CPF Board for further information. Investors should note that the applicable interest rates for the CPF accounts and the terms of CPFIS may be varied by the CPF Board from time to time.

Nikko Asset Management Asia Limited. Registration Number 198202562H.

STATEMENT OF DIRECTORS

For the financial year ended 31 December 2024

The Directors present their statement to the shareholders together with the audited financial statements of Nikko AM Asia Limited VCC (the "Company") and NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF (the "Sub-Fund") for the financial year ended 31 December 2024.

In the opinion of the Directors,

- (i) the financial statements as set out on pages 10 to 30 are drawn up so as to give a true and fair view of the financial position of the Company and the Sub-Fund as at 31 December 2024 and the financial performance and changes in equity of the Company and the Sub-Fund for the financial year covered by the financial statements; and
- (ii) at the date of this statement, there are reasonable grounds to believe that the Company and the Sub-Fund will be able to pay their debts as and when they fall due.

Directors

The Directors of the Company in office at the date of this statement are as follows:

Phillip Yeo Phuay Lik Yan Ying Ying Lee Ken Hoon

Arrangement to enable Directors to acquire shares or debentures

Neither at the end of the financial year nor at any time during the financial year was the Company a party to any arrangement whose object was to enable the Directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate, save as disclosed in this statement.

Directors' interest in shares or debentures

According to the register of directors' shareholdings, none of the Directors holding office at the end of the financial year had any interest in the shares or debentures of the Company or its related corporations.

STATEMENT BY THE MANAGER

For the financial year ended 31 December 2024

In the opinion of Nikko Asset Management Asia Limited, the accompanying financial statements set out on pages 10 to 30, comprising the Statements of Total Return, Statements of Financial Position, Statements of Changes in Net Assets Attributable to Shareholders, Statement of Portfolio and Notes to the Financial Statements are drawn up so as to give a true and fair view of the financial position of the Company and the Sub-Fund and the portfolio holdings of the Sub-Fund as at 31 December 2024, and the financial performance and movements in shareholders' funds for the financial year then ended in accordance with the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Investment Funds" issued by the Institute of Singapore Chartered Accountants. At the date of this statement, there are reasonable grounds to believe that the Company and the Sub-Fund will be able to meet its financial obligations as and when they materialise.

For and on behalf of the Manager Nikko Asset Management Asia Limited

Authorised signatory 27 March 2025

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF NIKKO AM ASIA LIMITED VCC

(Incorporated in Singapore)

Report on the Audit of the Financial Statements

Our Opinion

In our opinion, the accompanying financial statements of Nikko AM Asia Limited VCC (the "Company") and NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF (the "Sub-Fund") are properly drawn up in accordance with the provisions of the Variable Capital Companies Act 2018 (the "Act") and the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Investment Funds" issued by the Institute of Singapore Chartered Accountants ("RAP 7"), so as to give a true and fair view of the financial position of the Company and of the Sub-Fund and portfolio holdings of the Sub-Fund as at 31 December 2024, and the financial performance and movements in shareholders' funds of the Company and of the Sub-Fund for the financial year ended on that date.

What we have audited

The financial statements of the Company and of the Sub-Fund comprise:

- the Statements of Total Return of the Company and of the Sub-Fund for the financial year ended 31 December 2024:
- the Statements of Financial Position for the Company and of the Sub-Fund as at 31 December 2024;
- the Statements of Changes in Net Assets Attributable to Shareholders of the Company and of the Sub-Fund for the financial year then ended;
- the Statement of Portfolio of the Sub-Fund as at 31 December 2024; and
- the notes to the financial statements, including material accounting policy information.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

We are independent of the Company and the Sub-Fund in accordance with the Accounting and Corporate Regulatory Authority Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code.

Our Audit Approach

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the accompanying financial statements. In particular, we considered where management made subjective judgements; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits, we also addressed the risk of management override of internal controls, including among other matters consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

Key Audit Matters

We have determined that there are no key audit matters to communicate in our report.

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF NIKKO AM ASIA LIMITED VCC

(Incorporated in Singapore)

Other Information

Management is responsible for the other information. The other information comprises all sections of the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and RAP 7, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the ability of the Company and of the Sub-Fund to continue as going concerns, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company and the Sub-Fund or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the financial reporting process of the Company and the Sub-Fund.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the Company and the Sub-Fund's internal control.

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF NIKKO AM ASIA LIMITED VCC

(Incorporated in Singapore)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company and the Sub-Fund's ability to continue as going concerns. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and the Sub-Fund to cease to continue as going concerns.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and the Sub-Fund has been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Paul Sammy Pak.

The Sub-Fund invests wholly into equities which operations are based in China (including Hong Kong as a special administrative region of China).

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2024

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. General

Nikko AM Asia Limited VCC (the "Company") is an open-ended umbrella variable capital company incorporated in Singapore on 18 October 2021 under the provisions of the Variable Capital Companies Act 2018 and governed by the laws of the Republic of Singapore.

The Company currently comprises of 1 sub-fund, i.e. the NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF (the "Sub-Fund"). There is one class of shares established within the Sub-Fund, namely the SGD Class.

The Sub-Fund is an exchange-traded fund listed on the Singapore Exchange Securities Trading Limited ("SGX-ST"). All assets and liabilities attributable to each sub-fund shall be segregated from the assets and liabilities of any other sub-funds and the Company, and shall not be used for the purpose of, or borne by the assets of, any other sub-fund.

The Company has appointed Nikko Asset Management Asia Limited (the "Manager") as the Manager to manage and invest the assets of the Company and each Sub-Fund of the Company and DBS Bank Ltd. as the administrator and registrar of the Company in respect of the Sub-Fund. DBS Trustee Limited (the "Custodian") has been appointed as custodian of the assets of the Sub-Fund.

Management shares were issued in respect of the Company only and participating shares were issued in respect of the Sub-Fund. Each management share will comprise one vote while each participating share of the Sub-Fund does not have the right to vote at the general meeting of the Company.

2. Material accounting policy information

The principal accounting policies applied in the preparation of these financial statements are set out below.

(a) Basis of preparation

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial instruments at fair value, and in accordance with the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Investment Funds" ("RAP 7") issued by the Institute of Singapore Chartered Accountants.

(b) Recognition of income

Dividend income from investments is recognised when the right to receive payment is established.

Interest income is recognised on a time-proportion basis using the effective interest rate method.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2024

2. Material accounting policy information (continued)

(c) Expenses reimbursement

As stipulated in the Sub-Fund's prospectus, the Company intends to cap the total expense ratio of the Sub-Fund at 0.70% per annum of the net asset value. Any fees and expenses that are payable by the Sub-Fund and are in excess of 0.70% per annum of the net asset value will be borne by the Manager and not the Sub-Fund.

(d) Foreign currency translation

(i) Functional and presentation currency

The Sub-Fund qualifies as an authorised scheme under the Securities and Futures Act 2001 ("SFA") of Singapore and is offered to retail investors in Singapore. The Sub-Fund's activities are substantially based in Singapore, with subscriptions and redemptions of the shares of the Sub-Fund being denominated in Singapore Dollar ("SGD").

The performance of the Sub-Fund is measured and reported to the investors in SGD. The Manager considers SGD as the currency which most faithfully represents the economic effects of the underlying transactions, events and conditions. The financial statements are expressed in SGD, which is the Sub-Fund's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the reporting date are recognised in the Statements of Total Return. Translation differences on non-monetary financial assets and liabilities such as equities are also recognised in the Statements of Total Return within the net gains or losses on value of investments.

(e) <u>Investments</u>

Investments are classified as financial assets at fair value through profit or loss.

(i) Initial recognition

Purchases of investments are recognised on the trade date. Investments are recorded at fair value on initial recognition.

(ii) Subsequent measurement

Investments are subsequently carried at fair value. Net change in fair value on investments are included in the Statements of Total Return in the year in which they arise.

(iii) Derecognition

Investments are derecognised on the trade date of disposal. The resultant realised gains or losses on the sales of investments are computed on the basis of the difference between the weighted average cost and selling price gross of transaction costs and are taken up in the Statements of Total Return.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2024

2. Material accounting policy information (continued)

(f) Basis of valuation of investments

The fair value of financial assets and liabilities traded in active markets is based on quoted market prices at the close of trading on the reporting date. The quoted market price used for equities securities held by the Sub-Fund is the last traded market price for both financial assets and financial liabilities where the last traded price falls within the bid ask spread. In circumstances where the last traded price is not within the bid ask spread, the Manager will determine the point within the bid ask spread that is most representative of fair value.

(g) Receivables

Receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Receivables are initially recognised at their fair value and subsequently carried at amortised cost using the effective interest method, less accumulated impairment losses.

(h) Sales and purchases awaiting settlement

Sales and purchases awaiting settlement represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet settled or delivered on the Statements of Financial Position date respectively. These amounts are recognised initially at fair value and subsequently measured at amortised cost.

(i) Cash and cash equivalents

Cash and cash equivalents comprise cash at banks which are subject to an insignificant risk of changes in value.

(j) <u>Payables</u>

Accrued expenses are recognised initially at fair value and subsequently stated at amortised cost using the effective interest method.

(k) Expenses

Expenses are recognised in the Statement of Total Return as the related services are performed.

(I) <u>Management fee</u>

Management fee expense is recognised on an accrual basis and in accordance with the Prospectus. Management fee is recognised as an expense over the period for which the service is provided. The management fee charged on any investment in other unit trusts managed by the Manager is rebated back to the Sub-Fund, where applicable.

(m) <u>Issuance and redemption of shares</u>

Shares issued and redeemed at the prices based on the Sub-Fund's net asset value per share at the time of issue or redemption for each respective class. The Sub-Fund's net asset value per share is calculated by dividing the net asset attributable to the shareholders of each class of shares.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2024

2. Material accounting policy information (continued)

(n) Management shares

Management shares are issued in respect of the Company and are classified as equity. Management shares are not entitled to any share of the profits of the Company.

3. Income tax

The Sub-Fund has been approved by the Monetary Authority of Singapore ("MAS") under the Singapore Resident Fund (SRF) Scheme (section 130 of the Income Tax Act 1947 and the relevant Regulations). Subject to certain conditions being met on an annual basis, the Sub-Fund may enjoy Singapore corporate income tax exemption on "specified income" derived from "designated investments" for the life of the Sub-Fund. Losses from "designated investments" are correspondingly disregarded. The terms "specified income" and "designated investments" are defined in the relevant Income Tax Regulations.

The Sub-Fund has assessed and is satisfied that it has met the requisite conditions under the SRF Scheme for the current financial year. The Sub-Fund will also ensure that its reporting obligations under the SRF Scheme are fulfilled.

6. Shares in issue

During the financial year ended 31 December 2024 and 2023, the number of shares issued, redeemed and outstanding were as follow:

NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF

SGD	Class
-----	--------------

	2024	2023
Shares at beginning of the financial year	58,456,903	56,731,903
Shares created	3,370,000	4,225,000
Shares cancelled	(4,150,000)	(2,500,000)
Shares at end of the financial year	57,676,903	58,456,903
Net assets attributable to shareholders – S\$	26,194,471	26,333,767
Net asset value per share – S\$	0.4542	0.4505

A reconciliation of the net asset value as reported in the Statement of Financial Position to the net asset value as determined for the purpose of processing share issuance and redemption is provided below:

SGD Class

	2024 S\$	2023 S\$
Net assets attributable to shareholders per financial statements	0.4542	0.4505
Effect for movement in the net assets value between the last dealing date and the end of the reporting year ^	-	_*
Net assets attributable to shareholders for issuing/redeeming per share	0.4542	0.4505

[^] The net asset value for the purposes of processing unit subscription and redemption was established in accordance with the methodology indicated in the Sub-Fund's Prospectus. This item reflects the movement in net asset value between the last dealing date and the end of reporting period.

^{*} Effect is less than 0.0001.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2024

6. Shares in issue (continued)

There is 1 management share of SGD 1 issued in respect of the Company as at 31 December 2024 and 2023.

7. Financial risk management

The Sub-Fund's activities expose it to a variety of risk, including but not limited to market risk (including price risk, interest rate risk and currency risk), liquidity risk and credit risk. The Manager is responsible for the implementation of the overall risk management programme, which seeks to minimise potential adverse effects on the Sub-Fund's financial performance. Specific guidelines on exposures to individual securities and certain industries and/or countries are in place as part of the overall financial risk management to reduce the Sub-Fund's risk exposures to these risks.

The investment objective of the Sub-Fund is to achieve long term capital growth by replicating the returns of the MSCI China All Shares IMI Future Mobility Top 50 Index (the "Index").

The Sub-Fund will seek to achieve its investment objective by investing all, or substantially all, of its assets in securities which are for the time being constituent securities of the Index ("Index Securities") in substantially the same weightings as reflected in the Index. The Manager may invest in certain securities that are not included in the Index ("non-Index Securities") but have aggregate characteristics (such as yield and duration) similar to those of the Index.

The financial instruments are held in accordance with the published investment policies of the Sub-Fund and managed accordingly to achieve the investment objectives.

(a) Market risk – Price risk

Price risk is the risk that arises from uncertainties about future prices of financial instruments.

The Sub-Fund's investment is substantially dependent on the changes of market prices. The Sub-Fund's overall market positions are monitored regularly so as to assess changes in fundamentals and valuation. However, events beyond reasonable control of the Manager could affect the prices of the underlying investments and hence the net asset value of the Sub-Fund.

The Sub-Fund's market price risk is managed through diversification of the investment portfolio across various industries in the China market. The MSCI China All Shares IMI Future Mobility Top 50 Index (the "Index") is the current benchmark for the Sub-Fund.

As at 31 December 2024, an increase/decrease of the Index by 27% (2023: 25%), with all other variables remaining constant, the net assets attributable to shareholders for the year would increase/decrease by approximately 27% (2023: 25%). The analysis was based on the assumptions that the index components within the Index increased/decreased by a reasonable possible shift, with all other variables held constant and that the fair value of Sub-Fund's investments moved according to the beta. Reasonable possible changes in market index percentage are revised annually depending on the Manager's current view on the market volatility and other relevant factors.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2024

7. Financial risk management (continued)

(b) Market risk – Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates.

Investment funds that invest in equity securities may be subject to interest rate risk as any interest rate change may affect the equity risk premium though at varying degrees. To manage this risk, the Manager analyses how interest rate changes may affect different industries and securities and then seeks to adjust the Sub-Fund's portfolio investments accordingly.

However, the effects of changes in interest rates on the Sub-Fund's portfolio may not be quantified as the relationship between the interest rates and the value of equity securities is indirect. Hence, no sensitivity analysis has been presented separately.

(c) Market risk – Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate because of changes in foreign exchange rates.

To minimise currency risk, the Sub-Fund mainly holds its excess cash in its functional currency. For hedging purposes, the Sub-Fund may also enter into forward foreign exchange contracts.

The table below summarises the Sub-Fund's exposure to currency risk.

As at	31	December	2024

	CNY S\$	HKD S\$	USD S\$	SGD S\$	Total S\$

					=

Portfolio of investments, which is a significant item in the Statements of Financial Position is exposed to currency risk and other price risk. The Manager has considered the impact of currency risk sensitivity on non-monetary assets, which include listed equities, as part of the price risk sensitivity analysis.

As of 31 December 2024 and 2023, the Sub-Fund does not hold substantial monetary assets/liabilities denominated in foreign currencies. Changes in foreign exchange rates on monetary assets/liabilities will not result in a significant change in the net asset value of the Sub-Fund. Hence, no separate sensitivity analysis on foreign currency risk has been presented.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2024

7. Financial risk management (continued)

(d) Liquidity risk

Liquidity risk is the risk of loss arising from the inability of the Sub-Fund to meet its obligations as and when they fall due without incurring unacceptable cost or losses.

The Sub-Fund is exposed to daily cash redemptions from shareholders. However, in accordance with the Sub-Fund's prospectus, minimum redemption size is set.

To manage the liquidity risk, a cash buffer is maintained in the Sub-Fund and monitored for minimum cash balances to prevent any extensive disposition of assets which may occur at lower prices and overdraft situations to meet trade settlements and obligations.

The Sub-Fund's securities are considered readily realisable, as the majority of securities are listed on a recognised stock exchange.

The Sub-Fund's financial liabilities are analysed using contractual undiscounted cash flows for maturity groupings based on the remaining period at the Statements of Financial Position date to the contractual maturity date. As at 31 December 2024 and 2023, all liabilities are either payable upon demand or due in less than 3 months. The impact of discounting is not significant.

	Less than 3 months		
	As at As at		
	31 December 2024	31 December 2023	
	S\$	S\$	
Payables	68,031	67,375	
Contractual cash outflows	68,031	67,375	

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2024

7. Financial risk management (continued)

(e) Credit risk

Credit risk is the risk that a counterparty will be unable to fulfil its obligation to the Sub-Fund in part or in full as and when they fall due.

Concentrations of credit risk are minimised primarily by:

- ensuring counterparties as well as the respective credit limits are approved;
- ensuring there are controls in place to identify and assess the creditworthiness of counterparties and review such controls on a semi-annual basis; and
- ensuring that transactions are undertaken with a large number of counterparties.

The Sub-Fund is also exposed to counterparty credit risk on its financial assets held at amortised cost. As at 31 December 2024 and 2023, the Sub-Fund's financial assets held at amortised cost as disclosed in the Statements of Financial Position are realised within three months. The Manager considers the probability of default to be insignificant as the counterparties generally have a strong capacity to meet their contractual obligations in the near term. Hence, no loss allowance has been recognised based on the 12-month expected credit losses as any such impairment would be insignificant to the Sub-Fund.

All trade settlement with approved counterparties are on Delivery versus Payment and/or Receipt versus Payment basis, with the exception of initial public offerings, new issues and placement transactions.

Credit risk arises from cash and cash equivalents and outstanding and committed transactions with brokers (where applicable). The table below summarises the credit rating of bank and custodian in which the Sub-Fund's assets are held as at 31 December 2024 and 2023.

NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF

	Credit rating as at 31 December 2024	Credit rating as at 31 December 2023	Source of credit rating
Bank and custodian - DBS Bank Limited	Aa1	Aa1	Moody's

The credit ratings are based on Long-Term Local Issuer Ratings published by the rating agency.

The maximum exposure to credit risk at the reporting date is the carrying amount of the financial assets.

(f) Capital management

The Sub-Fund's capital is represented by the net assets attributable to shareholders. The Sub-Fund strives to invest the subscriptions of redeemable participating shares in investments that meet the Sub-Fund's investment objectives while maintaining sufficient liquidity to meet shareholder redemptions.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2024

7. Financial risk management (continued)

(g) Fair value estimation

The Sub-Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

The following table analyses within the fair value hierarchy the Sub-Fund's financial assets and liabilities (by class) measured at fair value at 31 December 2024 and 2023:

NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF

	Level 1 S\$	Level 2 S\$	Level 3 S\$	Total S\$
As at 31 December 2024				
Assets Portfolio of investments:				
- Quoted equities	26,212,589	-	-	26,212,589
	Level 1 S\$	Level 2 S\$	Level 3 S\$	Total S\$
As at 31 December 2023				
Assets Portfolio of investments:				
- Quoted equities	26,337,324	-	-	26,337,324

Investments whose values are based on quoted market prices in active markets, and therefore classified within Level 1, include active listed equities. The Fund does not adjust the quoted price for these instruments.

The assets and liabilities included in the Statement of Financial Position except portfolio of investments are carried at amortised cost; their carrying values are reasonable approximation of fair value.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2024

8. Related party transactions

In addition to related party information shown elsewhere in the financial statements, the following significant transactions took place during the financial year between the Sub-Fund and the related party at terms agreed between the parties and within the provisions of the prospectus:

NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF

	2024 S\$	2023 S\$
Bank balances held with the Custodian	25,420	23,906

9. **Financial ratios**

NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF

Expense ratio		2024	2023
SGD Class			
Total operating expenses	S\$	168,615	219,485
Average daily net asset value	S\$	24,056,042	31,268,709
Total expense ratio ¹	% _	0.70	0.70
Turnover ratio			
		2024	2023
Lower of total value of purchases or sales	S\$	10,711,352	7,488,879
Average daily net asset value	S\$	24,056,042	31,268,709
Total turnover ratio ²	%	44.53	23.95

The expense ratio has been computed based on the guidelines laid down by the Investment Management Association of Singapore ("IMAS"). The calculation of the expense ratio at financial year end was based on total operating expenses divided by the average net asset value for the financial year. The total operating expenses do not include (where applicable) brokerage and other transactions costs, performance fee, interest expense, distribution paid out to shareholders, foreign exchange gains/losses, front or back end loads arising from the purchase or sale of other funds and tax deducted at source or arising out of income received. The Sub-Fund does not pay any performance fee. The average net asset value is based on the daily balances.

10. **Authorisation of financial statements**

These financial statements were authorised for issue in accordance with a resolution of the Board of Directors of the Company on 27 March 2025.

The portfolio turnover ratio is calculated in accordance with the formula stated in the Code on Collective Investment Schemes. The calculation of the portfolio turnover ratio was based on the lower of the total value of purchases or sales of the underlying investments, divided by the average daily net asset value.

Inception date: 20 January 2022

The MSCI China All Shares IMI Future Mobility Top 50 Index is compiled and calculated by MSCI (the "Index Licensor") and aims to track the performance of Chinese companies listed in US, Hong Kong and China, and other markets from time to time, that are expected to derive significant revenues from energy storage technologies, autonomous vehicles, shared mobility and new transportation methods.

About NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF

The NikkoAM-StraitsTrading MSCI China Electric Vehicles and Future Mobility ETF (the "Sub-Fund") is an authorised scheme under Section 286 of the Securities and Futures Act 2001. It is a sub-fund established under the Nikko AM Asia Limited VCC (the "Company"), a variable capital company incorporated in Singapore on 18 October 2021 with variable capital and limited liability with the company registration number T21VC0223L, under the Variable Capital Companies Act (the "Act").

The investment objective of the Sub-Fund is to achieve long term capital growth by replicating the returns of the MSCI China All Shares IMI Future Mobility Top 50 Index (the "Index").

The Sub-Fund will seek to achieve its investment objective by investing all, or substantially all, of its assets in securities which are for the time being constituent securities of the Index ("Index Securities") in substantially the same weightings as reflected in the Index (i.e. using a full replication strategy). The Manager may in its absolute discretion adopt a representative sampling strategy instead of a full replication strategy. Representative sampling is a strategy of investing in a representative sample of securities in the Index which have a similar investment profile as that of the Index. The Manager may invest in certain securities that are not included in the Index ("non-Index Securities") but have aggregate characteristics (such as yield and duration) similar to those of the Index. Various circumstances may make it impossible or impracticable to purchase each component Index Security in the same weightings as reflected in the Index. In those circumstances, the Manager may employ a combination of one or more investment techniques in seeking to closely track the Index. In addition, given that Index Securities may be and are added to or removed from the Index from time to time, the Manager may sell or purchase securities that are not yet represented in the Index in anticipation of their removal from or addition to the Index.

In order to achieve its investment objective, the Sub-Fund will invest and have direct access to certain eligible China A-shares through the Shanghai-Hong Kong Stock Connect and the Shenzhen-Hong Kong Stock Connect (collectively, the "Stock Connect") and may invest through the Manager's status and capacity under the QFI framework in listed equities in the China A-shares market.

Note: Investors are advised to refer to the Fund's prospectus for more details of the Fund.

This document is purely for informational purposes only with no consideration given to the specific investment objective, financial situation and particular needs of any specific person. It should not be relied upon as financial advice. Any securities mentioned herein are for illustration purposes only and should not be construed as a recommendation for investment. You should seek advice from a financial adviser before making any investment. In the event that you choose not to do so, you should consider whether the investment selected is suitable for you. Investments in funds are not deposits in, obligations of, or guaranteed or insured by Nikko Asset Management Asia Limited ("Nikko AM Asia").

Past performance or any prediction, projection or forecast is not indicative of future performance. The Fund or any underlying fund may use or invest in financial derivative instruments. The value of shares and income from them may fall or rise. Investments in the Fund are subject to investment risks, including the possible loss of principal amount invested. You should read the relevant prospectus (including the risk warnings) and product highlights sheet of the Fund, which are available and may be obtained from appointed distributors of Nikko AM Asia or our website (www.nikkoam.com.sg) before deciding whether to invest in the Fund.

The information contained herein may not be copied, reproduced or redistributed without the express consent of Nikko AM Asia. While reasonable care has been taken to ensure the accuracy of the information as at the date of publication, Nikko AM Asia does not give any warranty or representation, either express or implied, and expressly disclaims liability for any errors or omissions. Information may be subject to change without notice. Nikko AM Asia accepts no liability for any loss, indirect or consequential damages, arising from any use of or reliance on this document.

The performance of the ETF's price on the Singapore Exchange Securities Trading Limited ("SGX-ST") may be different from the net asset value per share of the ETF. The ETF may also be suspended or delisted from the SGX-ST. Listing of the shares does not guarantee a liquid market for the shares. Investors should note that the ETF differs from a typical unit trust and shares may only be created or redeemed directly by a participating dealer in large creation or redemption shares.

(Where relevant – for funds included under CPFIS) The Central Provident Fund ("CPF") Ordinary Account ("OA") interest rate is the legislated minimum 2.5% per annum, or the 3-month average of major local banks' interest rates, whichever is higher, reviewed quarterly. The interest rate for Special Account ("SA") is currently 4% per annum or the 12-month average yield of 10-year Singapore Government Securities plus 1%, whichever is higher, reviewed quarterly. Only monies in excess of \$20,000 in OA and \$40,000 in SA can be invested under the CPF Investment Scheme ("CPFIS"). Please refer to the website of the CPF Board for further information. Investors should note that the applicable interest rates for the CPF accounts and the terms of CPFIS may be varied by the CPF Board from time to time.

Nikko Asset Management Asia Limited. Registration Number 198202562H.

REPORT TO SHAREHOLDERS

For the financial period from 1 January 2024 to 30 June 2024 (Unaudited)

4. Exposure to derivatives

Nil.

5. Global exposure to financial derivatives

Nil.

6. Collateral

Nil.

7. Securities lending or repurchase transactions

Nil.

8. Investment in unit trusts, mutual funds and collective investment schemes

Nil.

9. Borrowings

Nil.

10. Amount of participating shares issued and redeemed for the financial period ended 30 June 2024

S\$

30 June 2023

Shares issued	1,125,585
Shares redeemed	(829.400)

11. Financial ratios

Expense ratio

Total operating expenses	S\$	186,477	256,565
Average daily net asset value	S\$	26,575,857	36,579,996
Total expense ratio ¹	%	0.70	0.70

30 June 2024

The expense ratio has been computed based on the guidelines laid down by the Investment Management Association of Singapore ("IMAS"). The calculation of the expense ratio at financial period end was based on total operating expenses divided by the average net asset value for the year. The total operating expenses do not include (where applicable) brokerage and other transactions costs, performance fee, interest expense, distribution paid out to shareholders, foreign exchange gains/losses, front or back end loads arising from the purchase or sale of other funds and tax deducted at source or arising out of income received. The Sub-Fund does not pay any performance fee. The average net asset value is based on the daily balances.

REPORT TO SHAREHOLDERS

For the financial period from 1 January 2024 to 30 June 2024 (Unaudited)

11. Financial ratio (continued)

Turnover ratio

		30 June 2024	30 June 2023
Lower of total value of purchases or sales Average daily net asset value	S\$ S\$	4,221,760 23.921.230	4,680,659 33.496.544
Total turnover ratio ²	%	17.65	13.97

The portfolio turnover ratio is calculated in accordance with the formula stated in the Code on Collective Investment Schemes. The calculation of the portfolio turnover ratio was based on the lower of the total value of purchases or sales of the underlying investments, divided by the average daily net asset value.

12. Related party transactions

The Manager of the Sub-Fund is Nikko Asset Management Asia Limited, a subsidiary of Nikko Asset Management International Limited. The Custodian of the Fund is DBS Trustee Limited (the "Custodian").

Management fee is payable to the Manager. Custody fee is payable to the Custodian. Registrar fee and administrator fee are payable to a related company of the Custodian, DBS Bank Limited.

In addition to related party information shown elsewhere in the financial statements (including the Statement of Portfolio), the following significant transactions took place during the financial period between the Sub-Fund and a related party at terms agreed between the parties and within the provisions of the Deeds:

	30 June 2024 S\$	31 December 2023 S\$
Bank balances held with the Custodian	21,842	23,906

13. Any other material information that will adversely impact the valuation of the Sub-Fund

Nil.

14. Soft dollar commissions/arrangements

In its management of the Sub-Fund, the Manager, the Directors and their respective Associates currently do not receive or enter into any soft dollar commissions or arrangements, including any part of any brokerage charged to the Sub-Fund, or any part of any fees, allowances or other benefits received on purchases charged to the Sub-Fund.
