You acknowledge that if you fail to provide accurate and timely information the Managers and their approved distributors have the right to deem you recalcitrant and/or reportable and shall be entitled to take all necessary action(s) against you to be compliant with requirements under FATCA, including but not limited to any local legislation enacted in connection with FATCA as the same may be modified, amended, supplemented, re-enacted or re-constituted from time to time. You should note that the Managers may compulsorily realise all or any of your Units in any of the circumstances set out in paragraph 55 of this Prospectus.

If there is any doubt as to whether a payment in or

out of your account is lawful, the Managers and their approved distributors reserve the right to cease all dealings with you in relation to such account.

For the purposes of this section relating to foreign account tax compliance, the following words and expressions shall have the following meanings:

“FATCA” means sections 1471 through 1474 of the United States Internal Revenue Code and any regulations and other guidance issued in connection thereto or any other agreement entered into with or between authorities and governments arising out of or in connection with FATCA or the implementation thereof, as each may be modified, amended, supplemented, re-enacted or re-constituted from time to time.

“US Person” means a United States citizen or resident individual, a partnership or corporation organised in the United States or under the laws of the United States or any state of the United States, or a trust if (i) a court within the United States would have authority under applicable law to render orders or judgments concerning substantially all issues regarding administration of the trust, and (ii) one or more US Persons have the authority to control all substantial decisions of the trust, or an estate of a decedent that is a citizen or resident of the United States. This definition shall be interpreted in accordance with the United States Internal Revenue Code. Please note that persons who have lost their United States citizenship and who live outside the United States may nonetheless in some circumstances be treated as US Persons.

Common Reporting Standard and Automatic Exchange of Information

The Common Reporting Standard (“**CRS**”) is an internationally agreed standard for the automatic exchange of financial account information between jurisdictions for tax purposes, to better combat tax evasion and ensure tax compliance. CRS has been implemented in Singapore via Part 20B of the Income Tax Act 1947, read together with the Income Tax (International Tax Compliance Agreements)(Common Reporting Standard) Regulations 2016 (collectively the “**CRS Regulations**”). Singapore has been exchanging financial account information with jurisdictions where Singapore has a competent authority agreement (also known as “partner jurisdictions”) since September 2018.

The CRS Regulations require a Singapore financial institution that is a Reporting Financial Institution (as defined in the CRS Regulations, and referred to in this paragraph as an “SGFI”) to identify and determine the tax residences of all its account-holders, and in some cases, the controlling persons of an account holder. The SGFI is required to report to the Inland Revenue Authority of Singapore (“**IRAS**”) on an annual basis, the particulars and account information of its account holders, and where applicable the particulars of the controlling persons, that are tax residents of partner jurisdictions. The IRAS will in turn transmit the financial account information of such account holders and controlling persons to the respective tax authorities of the partner jurisdictions in which such persons are tax resident pursuant to the terms of the applicable competent authority agreement.

Accordingly, the Managers and/or the Trustee (as defined in paragraph 3 of this Prospectus) will require you to provide, amongst other things, information in relation to your identity and tax residence(s) of your account(s) (and the controlling persons, if any), including tax identification numbers, FATCA and CRS classification status and any additional documentation or information. Where applicable, the information you provided, and the financial account information of your account, will be reported to the IRAS and transmitted to the other relevant tax authorities for purposes of complying with FATCA, the CRS Regulations and any similar automatic exchange of tax information regimes.

You should consult your professional advisers on the possible tax and other consequences with respect to the implementation of FATCA and CRS.

(b) Foreign Currency Risk

For the Nikko AM Multi Sector Credit Fund, its investments are denominated in USD, Euro and Pound Sterling. Fluctuations of the exchange rate of these currencies against the currency of denomination of each of the Classes of the Sub-Fund may affect the value of the Units in the relevant Class. The Classes may therefore be exposed to currency risk.

For the Nikko AM Global Dividend Equity Fund, its investments are denominated in various currencies. Fluctuations of the exchange rates of these currencies against the currency of denomination of each of the Classes of the Sub-Fund may affect the value of the Units of the relevant Class. The Classes may therefore be exposed to currency risk. However, for the SGD Hedged (Acc) Class Units, the SGD Hedged (Dist) Class Units and the CNH Hedged (Dist) Class Units, the Managers intend to adopt a passive hedging strategy to hedge the currency exposure of the assets of the Sub-Fund that are attributable to each of these Classes to the relevant currency in which they are each denominated using currency forwards, against the currency denomination of the Sub-Fund. Therefore, you should note that the NAV per Unit of each of the SGD Hedged (Acc) Class, the SGD Hedged (Dist) Class and the CNH Hedged (Dist) Class will take into account any gains or losses arising from the use of the currency forwards in respect of the SGD Hedged (Acc) Class, the SGD Hedged (Dist) Class and the CNH Hedged (Dist) Class respectively.

Save for the SGD Hedged (Acc) Class Units, the SGD Hedged (Dist) Class Units and the CNH Hedged (Dist) Class Units of the Nikko AM Global Dividend Equity Fund, the Managers do not actively hedge the foreign currency exposure of investments in any of the Sub-Funds or Classes and therefore, investors in the relevant Sub-Funds or Classes will be exposed to exchange rate risks.

(c) Liquidity Risk

The extent of market liquidity depends on the size and state of the markets and therefore affects the Sub-Funds' ability to acquire or dispose of assets at the price and time they so desire. Securities listed on the smaller emerging markets are generally less liquid in comparison to those listed on more developed markets and may therefore affect the relevant Sub-Fund's ability to acquire or dispose of securities at the price and time desired. There may also be state regulations governing the outward remittance by foreign investors of their share of net profits and dividends and the repatriation of their investments in a foreign currency.

In addition, the Sub-Funds are not listed on any stock exchange and there is no ready secondary market for the Units in the Sub-Funds. Holders can only redeem their Units by completing a Realisation Request and forwarding the same to the Managers through their approved distributors. If there is a surge in realisations at any particular time, the Managers may impose a gate on realisations. If that happens, realisation of Units and/or

the payment of realisation proceeds may be delayed. In addition, Holders may not realise their Units during any period when realisation is suspended.

(d) Emerging Market Risk

Investments in emerging markets securities are generally more volatile than those of developed countries, with the result that the Units may be subject to greater price volatility.

Some emerging markets do not have well-developed or consolidated bodies of securities laws and regulatory frameworks. There may be less public information on companies listed on such markets as compared to other stock markets. The auditing and financial reporting methods used in some emerging markets may differ from internationally recognised standards, and information on the accounts of some companies listed on such markets may not be an accurate reflection of their financial strength.

You would also have to take into account that trading volume in emerging markets may be substantially less than in the world's leading stock markets and may have to be conducted at unfavourable prices. Securities of companies domiciled in emerging markets are less liquid and more volatile than those domiciled in more developed stock markets and this may result in fluctuations in the price of the Units. Emerging markets may not have fully developed custodian and settlement services and therefore investments in such markets are subject to a greater degree of risk.

There may also be state regulations governing the outward remittance by foreign investors of their share of net profits and dividends and the repatriation of their investments in a foreign currency.

(e) Equity Risk

The Sub-Funds may invest in stocks and other equity securities, which are subject to market risks and are in general more volatile than investment-grade fixed income securities. Units in the Sub-Funds investing in equities may therefore be subject to greater price volatility.

(f) Country Specific Risk

The Sub-Funds may invest in securities of a limited number of countries. Where a Sub-Fund invests in a few, select countries, it will be exposed to fluctuations in the economies of these countries, and the market, currency, political, social environment and other risks related specifically to these countries, which may affect the market price of its investments in these countries. Exposure to a limited number of countries also increases the potential volatility of the Sub-Fund due to the increased concentration risk as they are less diversified compared to exposure to specific regional or global markets.

(g) Interest Rate Risk and Credit Risk

Investments in debt securities are subject to interest rate fluctuations and credit risks, such as risk of default by the issuer, and are subject to adverse changes in general economic conditions, the financial condition of the issuer, or both, or an unanticipated rise in interest rates, which may impair the issuer's ability to make payments of interest and principal, resulting in a possible default by the issuer.

(h) Income distribution

You should note that income of certain Sub-Funds (if any) may be distributed to Holders at the absolute discretion of the Managers. Sources of income for distribution may include dividends and/or interest income and/or capital gains derived from the investments of the relevant Sub-Fund. Such dividends and/or interest income may be adversely affected by events such as but not limited to companies suffering unexpected losses, having lower than expected dividends and adverse exchange rate fluctuations. In addition to distributions to Holders out of distributable income and/or capital gains, the Managers may at their discretion, with the consent of the Trustee, make capital distributions to Holders at such time as they deem fit in accordance with the provisions of the Deed. Where distributions are paid out of capital of the relevant Sub-Fund or Class, the NAV of the relevant Sub-Fund or Class will be reduced and this will be reflected in the Realisation Price of the Units of the relevant Sub-Fund or Class. Holders redeeming their Units may therefore receive an amount less than their initial investment. Such distributions may also result in reduced future returns to Holders.

(i) Risk Associated with the Investment Strategy of the Sub-Funds

For the Nikko AM Multi Sector Credit Fund, the Managers' ability to make any distribution payout in respect of the SGD (Dist) Class and the USD Hedged (Dist) Class largely depends on the successful execution of the investment strategy of the Sub-Fund.

For the Nikko AM Global Dividend Equity Fund, the Managers' ability to make any distribution payout in respect of the SGD Class, the SGD Hedged (Dist) Class, the USD (Dist) Class, the CNH Hedged (Dist) Class and the CNH Class largely depends on the successful execution of the investment strategy of the Sub-Fund. The distributions are particularly sensitive to the dividend yield and capital gains/losses from the Sub-Fund's investments in equities.

For the Singapore Dividend Equity Fund, the Managers' ability to make any distribution payout largely depends on the successful execution of the investment strategy of the Sub-Fund. The distributions are particularly sensitive to the dividend yield and capital gains/losses from the Sub-Fund's investments in equities.

For the Horizon Singapore Fixed Income Enhanced Fund, the primary risks associated with the Sub-Fund's investment strategy are interest rate risk and credit risk.

(j) Risks Specific to investing in into the mainland China onshore market

In addition to the risks associated with the Chinese market and risks related to investments in RMB, investments via Bond Connect are subject to additional risks.

Market volatility and liquidity risk

Market volatility and potential lack of liquidity due to low trading volume of certain debt securities in the China Interbank Bond Market may result in prices of certain debt securities traded on such market fluctuating significantly. A Sub-Fund investing in such market is therefore subject to volatility and liquidity risks. The bid and offer spreads of the prices of such securities may be large, and the Sub-Fund may therefore incur significant trading and realisation costs and may even suffer losses when selling such investments.

Settlement, clearing and custody risk

To the extent that the Sub-Fund transacts in the China Interbank Bond Market, the Sub-Fund may also be exposed to risks associated with settlement procedures and

default of counterparties. A counterparty which has entered into a transaction with the Sub-Fund may default in its obligation to settle the transaction.

Operational risk

For investments via Bond Connect, the relevant filings, registration with the PBOC and account opening have to be carried out via an onshore settlement agent, offshore custody agent, registration agent or other third parties (as the case may be). As such, the Sub-Fund is subject to the risks of default or errors on the part of such third parties.

Regulatory risk

Investing in the China Interbank Bond Market via Bond Connect is also subject to regulatory risks. The relevant rules and regulations on these regimes are subject to change which may have potential retrospective effect. If the relevant mainland Chinese authorities suspend account opening or trading on the China Interbank Bond Market, the Sub-Fund's ability to invest in the China Interbank Bond Market will be adversely affected. In such event, the Sub-Fund's ability to achieve their respective investment objectives will be negatively affected.

Mainland tax considerations

There is no specific written guidance by the mainland China tax authorities on the treatment of income tax and other tax categories payable in respect of trading in the China Interbank Bond Market by eligible foreign institutional investors via Bond Connect. Hence the Sub-Fund's tax liabilities as a result of trading in the China Interbank Bond Market via Bond Connect are uncertain.

- (k) Financial Derivatives Risk of the Sub-Funds
- (i) Subject to the Code, the Deed and (in the case of the Units of a Sub-Fund which are EIPs, the MAS Notice and the SFR(CMP)) and (in the case of the Singapore Dividend Equity Fund only and for so long as it is a Qualifying CIS, Part II of the Standards of Qualifying CIS), the Managers may in their absolute discretion, invest in financial derivative instruments ("FDIs") for the purposes of hedging, efficient portfolio management and/or (in the case of Units of a Sub-Fund which are SIPs) optimising returns provided that FDIs are not used to gear the overall portfolio. Where such FDIs are financial derivatives on commodities, such transactions shall be settled in cash at all times. Each Sub-Fund may net its OTC financial derivative positions.
 - (ii) Where FDIs are used by any Sub-Fund, the global exposure of the relevant Sub-Fund to FDIs or embedded FDIs will not exceed (in the case of all the Sub-Funds except for the Singapore Dividend Equity Fund) 100% and (in the case of the Singapore Dividend Equity Fund) 20% of the NAV of that Sub-Fund at all times and such exposure would be calculated using the Commitment Approach as described in, and in accordance with the provisions of, the Code and (in the case of the Singapore Dividend Equity Fund only and for so long as it is a Qualifying CIS) in the Appendix to the Standards of Qualifying CIS.
 - (iii) The Managers employ a risk management process in the investment of FDIs. The risks related to each FDI the Managers invest in are duly measured, monitored and managed on an ongoing basis.
 - (iv) All open positions/exposure in FDIs may be marked to market at a frequency at least equal to the frequency of the calculation of the NAV of the relevant Sub-Fund.

- (v) The Managers have a dedicated team which is responsible for oversight of, amongst other things, the monitoring of the Sub-Funds for compliance with the investment guidelines. This team will be responsible for setting up and maintaining the checks on the investment guidelines and restrictions on both the automated and manual compliance systems, which cover pre-trade and on-going review of the Sub-Funds.
- (vi) The Managers also have an established procedure to report breaches of the investment guidelines, if any.
- (vii) The Managers will ensure that the risk management and compliance procedures and controls adopted in paragraphs 27.2(k)(iii) to 27.2(k)(vi) are adequate and have been or will be implemented and that they have the necessary expertise to control and manage the risks relating to the use of FDIs.
- (viii) While the prudent and judicious use of derivatives by investment professionals can be beneficial, derivatives involve risks different from, and in some cases, greater than, the risks presented by more traditional investments. Some of the risks associated with derivatives are market risk, management risk, credit risk, liquidity risk, moratorium risk, capital control risk, tax risk and leverage risk. The Managers have the necessary expertise and controls for investments in derivatives and have in place systems to monitor the derivative positions for the Sub-Funds, if any.

The viability of exercising derivative instruments depends on the market price of the investments to which they relate, and accordingly, the Managers may from time to time decide that it is not viable to exercise certain derivatives held by the Sub-Funds within the prescribed period, in which case, any costs incurred in obtaining the derivatives will not be recoverable. Additionally, the market price of the relevant investment may not exceed the exercise price attached to the derivative instrument at any time during the exercise period or at the time at which the warrants or options are exercised and if this happens, there may be an immediate loss to the relevant Sub-Fund.

It is possible that the relevant Sub-Fund's NAV may be subject to volatility due to that Sub-Fund's usage or investment in FDIs.

The above is not an exhaustive list of the risks which you should consider before investing in the Sub-Funds. You should be aware that an investment in any Sub-Fund may be exposed to other risks of an exceptional nature from time to time.

No certificates will be issued by the Managers.

28.9 The Managers reserve the right not to proceed with the launch of the SGD Class of the Nikko AM Global Dividend Equity Fund and the SGD (Dist) Class of the Nikko AM Multi Sector Credit Fund if:

- (i) the capital raised for the relevant Class as at the close of its initial offer period is less than S\$5,000,000 or its equivalent; or

- (ii) the Managers are of the view that it is not in the interest of the investors or it is not commercially viable to proceed with the relevant Class(es).

29.1 The Issue Price of the Units of a Sub-Fund or Class is calculated based on forward pricing and is determined based on the Value of the Units of the Sub-Fund or Class at 7 a.m. Singapore time on the Business Day¹³ immediately following the relevant Dealing Day¹⁴ on which the application for Units of the Sub-Fund or Class is received. The dealing deadline for each Sub-Fund is, in relation to any Dealing Day, currently 5 p.m. on the said Dealing Day but this may be changed subsequently to any other time of the day by the Managers with the approval of

¹³ "**Business Day**" (in relation to any of the Sub-Funds or Classes except for the CNH Hedged (Dist) Class of the Nikko AM Global Dividend Equity Fund and the Nikko AM Multi Sector Credit Fund) means any day (other than a Saturday or a Sunday) on which commercial banks in Singapore and the Singapore Exchange Securities Trading Limited are open for business and (in relation to the CNH Hedged (Dist) Class of the Nikko AM Global Dividend Equity Fund) means any day (other than a Saturday or a Sunday) on which commercial banks in Singapore and Hong Kong and the Singapore Exchange Securities Trading Limited are open for business and (in relation to the Nikko AM Multi Sector Credit Fund) means any day (other than a Saturday or a Sunday) on which commercial banks in Singapore, the United Kingdom and the United States and the Singapore Exchange Securities Trading Limited are open for business.

¹⁴ "**Dealing Day**" in relation to the subscription and realisation of Units means a Business Day or such other day as provided in the Deed.

the Trustee (the “**Dealing Deadline**”). This means that if an application is received and accepted by the Managers through their approved distributor(s) by the Dealing Deadline on the Dealing Day, the price will be based on the Value of the Sub-Fund or Class for that Dealing Day. If an application is received and accepted by the Managers through their approved distributor(s) after the Dealing Deadline on that Dealing Day, it shall be deemed to be received and accepted by the Managers through their approved distributor(s) only on the immediately following Dealing Day. This Issue Price will be determined only on the Business Day following the Dealing Day.

- 29.2 The following is an illustration of the number of Units that you will receive based on an investment amount of \$1,000 and a notional Issue Price of \$1.000 (the actual Issue Price of the Units of a Class of a Sub-Fund will fluctuate according to the Value of the relevant Class and may be affected by Swing Pricing as described in paragraph 58):

N.B.: All numerical figures used for the purpose of this illustration are hypothetical.</p>					

- 29.3 The Managers may from time to time give a discount or discounts on the Initial Sales Charge payable by prospective investors in accordance with the provisions of the Deed. Such discounts would be deducted from the amount of the Initial Sales Charge payable by the investors. The Managers reserve the right to differentiate between applicants as to the quantum of discount or discounts given to them.
30. If your application is successful, a confirmation of your purchase will be sent to you within 7 Business Days of the Managers’ receipt of your application.
- 31.1 The Managers shall have the exclusive right to effect the creation and issue of Units for the account of any Sub-Fund or Class and the acceptance and non-acceptance of any initial or subsequent application for Units in any Sub-Fund or Class shall be at the absolute discretion of the Managers, acting in consultation with the Trustee. However, a new investor¹⁵ may cancel

¹⁵ A “**new investor**” is an investor who:

- (i) is an individual;
- (ii) is not an existing Holder who is purporting to cancel a subsequent subscription made after the Cancellation Period applicable to his first subscription;
- (iii) is not an existing Holder participating in a Regular Savings Plan of the relevant Sub-Fund and effecting a second or any subsequent payment towards the Regular Savings Plan;
- (iv) has not previously switched, converted or exchanged his units in any other fund managed by the Managers to Units in the relevant Sub-Fund during the cancellation period applicable to the first-mentioned fund; and

his subscription of Units by sending (by post or by hand) a cancellation request to the Managers through the approved distributor(s) from whom he purchased his Units within 7 calendar days of the date on which he signed the subscription agreement or such other longer period as may be agreed between the Managers and the Trustee or as the Authority may prescribe (the "**Cancellation Period**"). A cancellation request form is included with the application form for the subscription of Units, or may be obtained from the approved distributors. Where the last day of the Cancellation Period falls on a Sunday or a public holiday, the Cancellation Period is deemed to be extended to the next calendar day, not being a Sunday or public holiday. The cancellation proceeds will normally be paid within 7 Business Days after the relevant Dealing Day on which the cancellation request is received.

31.2 The cancellation proceeds payable for the cancellation of a subscription of Units under paragraph 31.1 above will be determined as the lower of:

- (a) the Market Value¹⁶; or
- (b) the Original Subscription Amount¹⁷.

Any excess in the Market Value over the Original Subscription Amount, or in the Original Subscription Amount over the Market Value (as the case may be), will be retained by the relevant Sub-Fund. The Managers are also entitled to deduct from the cancellation proceeds any administrative expenses incurred in cancelling the subscription so long as such expenses are reasonably related to the original purchase and subsequent cancellation of the new investor's Units. A new investor is only entitled to receive his cancellation proceeds arising from the cancellation of his subscription of Units in the same currency as that in which such Units are denominated. Any Initial Sales Charge paid by the investor will be refunded to him. However, he will have to take the risk for any price changes in the NAV of the relevant Sub-Fund or Class since he purchased the Units.

32. Under the provisions of the Deed, the Managers may terminate the Fund in their absolute discretion by notice in writing if the aggregate Value of the Deposited Property of the Fund is less than S\$30,000,000.

XI REGULAR SAVINGS PLAN (RSP)

33. The approved distributors of the Managers may make available a Regular Savings Plan ("**RSP**") for the Classes of Sub-Funds set out in the table below. To participate in a RSP, you must first invest the minimum initial investment of S\$1,000 in the relevant Class. The minimum monthly investment for each Class under the RSP is S\$100. The monthly contribution for the RSP will be deducted from your bank account or SRS Account (where applicable) on the Deduction Date set out in the table below. You should note that no RSP is presently available for the subscription of Units in any of the other Classes of the Sub-Funds.

Sub-Fund	Class	Deduction Date	Allotment of Units
----------	-------	----------------	--------------------

-
- (v) has not previously converted his Units in any Sub-Fund ("**original Sub-Fund**") to Units in the relevant Sub-Fund during the cancellation period applicable to the original Sub-Fund.

¹⁶ "**Market Value**" in relation to Units the subscription of which is being cancelled by a new investor means the value of such Units on the relevant Dealing Day calculated as the aggregate of (a) the total value of such Units based on the Realisation Price on such Dealing Day but without deducting the Realisation Charge (if any) and (b) the total Initial Sales Charge paid for such Units.

¹⁷ "**Original Subscription Amount**" in relation to Units the subscription of which is being cancelled by a new investor means the total amount (including the total Initial Sales Charge) paid by the new investor for the subscription of those Units.

* or such other date as determined by the Managers from time to time

** This may be exceeded in the case of Units purchased through the Managers' approved distributors or where Units are purchased using SRS monies.

34. You may cease your participation in the RSP, without suffering any penalty, by giving the approved distributor from whom you purchased your Units 30 days' prior notice in writing but the Managers reserve the right to compulsorily realise your Units if your holdings are below the Minimum Holding for the relevant Sub-Fund or Class.

XII REALISATION OF UNITS

35. How to sell Units

- 35.1 A Holder may redeem Units by completing the Realisation Request (or such other form as the Managers may approve from time to time) and forwarding the same to the Managers through the approved distributor(s) from whom he purchased the Units. Institutional investors who had purchased their Units directly from the Managers may redeem their Units by completing the Realisation Request and forwarding the same to the Managers.

A Holder may also make an electronic online application for the realisation of Units on or through the website of the Relevant Participating Distributor or on an application form printed from such website.

35.2 The net realisation proceeds are calculated by multiplying the number of Units of the Sub-Fund or Class to be realised by the Realisation Price of the Units of such Sub-Fund or Class. The Realisation Price is calculated based on forward pricing and is determined based on the Value of the Units of such Sub-Fund or Class at 7 a.m. Singapore time on the Business Day immediately following the relevant Dealing Day on which the Realisation Request is received. This means that if an application is received and accepted by the Managers through their approved distributor(s) by the Dealing Deadline on the Dealing Day, the price will be based on the Value of the Sub-Fund or Class for that Dealing Day. If an application is received and accepted by the Managers through their approved distributor(s) after the Dealing Deadline on that Dealing Day, it shall be deemed to be received and accepted by the Managers through their approved distributor(s) only on the immediately following Dealing Day. This Realisation Price will be determined only on the Business Day following the Dealing Day.

36. Minimum Holding and minimum realisation amount

Sub-Fund	Minimum Holding in relation to each Class of the Sub-Fund	Minimum realisation amount
Nikko AM Multi Sector Credit Fund	500 Units (or such other number of Units as the Managers may from time to time determine upon giving prior notice to the Trustee in accordance with the Deed)	500 Units for RMB or CNH Classes. Nil for other Classes
Nikko AM Global Dividend Equity Fund		
Singapore Dividend Equity Fund***		
Horizon Singapore Fixed Income Enhanced Fund		

***There is currently no Minimum Holding for the JPY Class of the Singapore Dividend Equity Fund.

37.1 The following is an illustration of the realisation proceeds that a Holder will receive based on the realisation of 1,000 Units and a notional Realisation Price of \$1.050 (the actual Realisation Price of the Units of a Class will fluctuate according to the Value of the relevant Class of a Sub-Fund and may be affected by Swing Pricing as described in paragraph 58):

1000	x	\$1.050	=	\$1,050
Units to be Realised		Realisation Price (i.e. NAV per Unit)*		Realisation Proceeds
* The Realisation Price for each of the Classes except the JPY Class of the Singapore Dividend Equity Fund is currently rounded to the nearest three decimal places and for the JPY Class of the Singapore Dividend Equity Fund is currently rounded to the nearest four decimal places.				

37.2 The Realisation Price excludes the Realisation Charge. Currently, there is no Realisation Charge payable, but under the provisions of the Deed, the Managers may impose a Realisation Charge of up to 1%.

38. Payment will be made within 7 Business Days after the relevant Dealing Day on which the Realisation Request is received subject to the provisions of the Deed.

For Units purchased with cash, the net realisation proceeds shall be paid to the Holder. For Units purchased with CPF monies (where applicable), the net realisation proceeds shall be paid to the Holder's CPF agent bank or credited to his CPF special account, as the case may be. For Units purchased with SRS monies, the net realisation proceeds shall be paid to the relevant bank for credit of the Holder's SRS Account or otherwise in accordance with the provisions of any applicable laws, regulations or guidelines.

XIII EXCHANGE OF UNITS WITHIN GROUP TRUST

39. The Managers may, at their discretion and on such terms and conditions as they may impose (including the levying of fees or charges), on the application of a Holder, effect the exchange of Units of any Sub-Fund for units of any other Group Trust (referred to as "**units**") and on notification by the managers of a Group Trust of an application by the holder of units in that Group Trust, exchange such units for Units. The following provisions will apply to such an exchange:

- (a) the exchange of Units for units is exercised by a Holder giving to the Managers through the approved distributor(s) from whom he purchased the Units a notice in such form as the approved distributor may from time to time require and accompanied by a duly completed and executed application form for the subscription of units in the relevant Group Trust. Institutional investors who had purchased their Units directly from the Managers may exchange their Units by giving to the Managers a notice in such form as the Managers may from time to time require and accompanied by a duly completed and executed application form for the subscription of units in the relevant Group Trust;
- (b) unless permitted otherwise by the Managers at their absolute discretion, no exchange is permitted between Units of any Sub-Fund and units of any Group Trust which are denominated in different currencies;
- (c) the exchange of Units for units specified in the relevant notice (the "**Exchange Notice**") will be made on the Common Exchange Dealing Day on which the Exchange Notice is received by the Managers through their approved distributor(s) up to 5.00 p.m. Singapore time on such Common Exchange Dealing Day. If an Exchange Notice is received after 5.00 p.m. Singapore time on a Common Exchange Dealing Day or on a day that is not a Common Exchange Dealing Day, the Exchange Notice will be treated as having been received before 5.00 p.m. Singapore time on the next Common Exchange Dealing Day. For this purpose, "**Common Exchange Dealing Day**" is a day which is both a Dealing Day in relation to Units and a dealing day (as defined in the relevant trust deed) in relation to units of the Group Trust;
- (d) no Units will be exchanged during any period when the right of Holders to require the realisation of Units is suspended pursuant to the suspension provisions set out in section XVI of this Prospectus or when the issue of units in the Group Trust is suspended pursuant to the suspension provisions set out in the trust deed of the relevant Group Trust;
- (e) a Holder is not entitled, without the consent of the Managers, to withdraw an Exchange Notice;
- (f) any exchange of Units for units will be effected subject to any requirements or restrictions applicable to the realisation of Units, the issue of units, any applicable Minimum Holding requirements, any applicable minimum initial investment sum or minimum subsequent investment sum;

- (g) CPF Units may only be exchanged or converted to units of a Group Trust that may be purchased with CPF monies;
- (h) each Unit to be exchanged shall be valued at not less than the Realisation Price per Unit and each Unit to be issued shall be valued at not more than the Issue Price per Unit;
- (i) an exchange of Units for units will be effected by the Holder realising his Units. The net proceeds of this realisation will then be utilised to subscribe for units of the relevant Group Trust at the prevailing issue price of the units of the relevant Group Trust;
- (j) an exchange of units for Units will be effected by the managers of that Group Trust realising the units of that Group Trust and paying the net proceeds of the realised units to the Managers. The Managers will then issue Units at the prevailing Issue Price;
- (k) where the Initial Sales Charge paid for the Units being exchanged (the "**First Initial Sales Charge**") is less than the initial sales charge payable for the units being acquired (the "**Second Initial Sales Charge**"), the Managers shall be entitled to charge for the difference, but where the Second Initial Sales Charge is less than the First Initial Sales Charge, the Managers shall be entitled to retain the difference;
- (l) the Trustee shall have no responsibility or liability to ensure that the provisions of the trust deed constituting the Group Trust relating to the issue, realisation or exchange of units are complied with; and
- (m) the Managers may, at their discretion, reject any Exchange Notice.

For the purpose of this paragraph 39, "**Group Trust**" means a unit trust scheme the managers of which:

- (i) are the Managers or a corporation under their control or under common control with them or at least 50 per cent of the share capital of which is held by a corporation which is a shareholder of the Managers; and
- (ii) approve the terms of any exchange which may be made pursuant to Clause 12(JA) of the Deed.

XIV CONVERSION OF UNITS

40. Subject to such restrictions as may be stipulated in this Prospectus or the Deed, a Holder of Units of a Sub-Fund (the "**Original Sub-Fund**") shall have the right from time to time to convert all or any of the Units of the Original Sub-Fund held by him into Units of another Sub-Fund (the "**New Sub-Fund**") subject to the following:

- (a) the right of conversion is exercisable by such Holder giving to the Managers through the approved distributor(s) from whom he purchased the Units of the Original Sub-Fund a Conversion Notice. Institutional investors who had purchased their Units of the Original Sub-Fund directly from the Managers may exercise the right of conversion by giving to the Managers a Conversion Notice;
- (b) no conversion of Units may be made which would result in such Holder holding less than the Minimum Holding of either the Original Sub-Fund or the New Sub-Fund;
- (c) a Holder shall not have the right to convert Units of a Sub-Fund denominated in one currency held by him to Units of another Sub-Fund denominated in a different currency;

- (d) the conversion of Units of the Original Sub-Fund shall be made on the Common Dealing Day on which the Conversion Notice is received by the Managers through their approved distributor(s) or (if not received on a Common Dealing Day) on the next following Common Dealing Day. For this purpose, a “**Common Dealing Day**” is a day which is both a Dealing Day in relation to Units of the Original Sub-Fund and a Dealing Day in relation to Units of the New Sub-Fund;
- (e) no Units shall be converted during any period when the right of Holders to require the realisation of Units is suspended pursuant to Clause 12(F)(ii) of the Deed or on any Common Dealing Day on which the number of Units of the Original Sub-Fund that can be realised by any Holder is limited pursuant to Clause 12(I) of the Deed; and
- (f) the Managers are entitled to impose a Conversion Fee upon the sum available for payment for Units of the new Sub-Fund to be issued. The Conversion Fee is to be of an amount not exceeding one per cent. (1%) of such sum or S\$500, whichever is lower, rounded to the nearest one cent (S\$0.01).

XV OBTAINING PRICES OF UNITS

41. The Issue Price and Realisation Price of Units will be available on the Business Day following each Dealing Day.

You may check such prices on the Managers’ website at <http://www.nikkoam.com.sg>. You should note however that the Issue Price and Realisation Price of the relevant Units will be made available on the Managers’ website only after such Units are made available for subscription in Singapore.

XVI SUSPENSION OF DEALINGS

- 42.1 Subject to the provisions of the Code, the Managers or the Trustee may, with the prior written approval of the other, suspend the issue and/or realisation of Units of any Sub-Fund (except for the Singapore Dividend Equity Fund for so long as it is a Qualifying CIS) or Class (except for the Classes of the Singapore Dividend Equity Fund for so long as the Singapore Dividend Equity Fund is a Qualifying CIS) or the Fund (except for the Singapore Dividend Equity Fund for so long as it is a Qualifying CIS) during:

- (a) any period when any Recognised Stock Exchange¹⁸ on which any Authorised Investment¹⁹ forming part of the Deposited Property (whether of any particular Sub-

¹⁸ “**Recognised Stock Exchange**” means any stock exchange of repute and in relation to any particular Authorised Investment shall be deemed to include any responsible firm, corporation or association dealing in the Authorised Investment and any responsible mutual fund or subsidiary thereof or unit trust or collective investment scheme issuing and redeeming participations or units (as the case may be) so as to provide in the opinion of the Managers a satisfactory market for the Authorised Investment and in such a case the Authorised Investment shall be deemed to be the subject of an effective permission to deal or listing on the stock exchange deemed to be constituted by such firm, corporation, association, mutual fund or subsidiary thereof or unit trust scheme or collective investment scheme.

¹⁹ “**Authorised Investment**” means:-

- (i) any Quoted Security (as defined in footnote 23 below)
- (ii) any Unquoted Security (as defined in footnote 22 below);
- (iii) any unit or sub-unit or share of a Fund (as defined in the Deed);
- (iv) any security (as defined in the Deed); and
- (v) any other type of security not mentioned in paragraphs (i) to (iv) above and selected by the Managers for investment of the Deposited Property and approved by the Trustee (such approval to be confirmed in writing);

Provided Always that any Authorised Investment shall be investment or other property, assets or rights for the time being approved by the relevant competent authority in Singapore for investment by the Fund, including all investments authorised under the Regulations (as defined in the Deed), to enable the Fund to qualify as a CPFIS-registered Unit Trust Scheme (as defined in the Deed), and further provided that each of such Authorised Investments shall be a permissible investment under Appendix 1 of the Code and (in respect of the Singapore Dividend Equity Fund only and for so long as it is a Qualifying CIS) shall also be an eligible asset under Part II of the Standards of Qualifying CIS.

Fund) for the time being is listed or dealt in is closed (otherwise than for ordinary holidays) or during which dealings are restricted or suspended;

- (b) the existence of any state of affairs which, in the opinion of the Managers might seriously prejudice the interest of the Holders (whether of any particular Sub-Fund or Class) as a whole or of the Deposited Property (whether of any particular Sub-Fund);
- (c) any breakdown in the means of communication normally employed in determining the price of any of such Authorised Investments or the current price on any Recognised Stock Exchange or when for any reason the prices of any of such Authorised Investments cannot be promptly and accurately ascertained;
- (d) any period when remittance of money which will or may be involved in the realisation of such Authorised Investments or in the payment for such Authorised Investments cannot, in the opinion of the Managers or the Trustee, as the case may be, be carried out at normal rates of exchange;
- (e) any period when the fair value of a material portion of the Authorised Investments cannot be determined;
- (f) the period of 48 hours (or any longer period that the Manager and the Trustee agree) prior to the date of any meeting (or adjourned meeting) of Holders of the Fund or the Sub-Fund or the Class convened in accordance with the provisions of the Deed;
- (g) any period pursuant to an order or direction by the Authority; or
- (h) such circumstances as may be required under the provisions of the Code.

42.2 For so long as the Singapore Dividend Equity Fund is a Qualifying CIS, subject to the provisions of the Code and the Standards of Qualifying CIS, the Managers may suspend the issue and/or realisation of Units of the Singapore Dividend Equity Fund or any Class of the Singapore Dividend Equity Fund when:

- (a) dealings in a material portion of the assets of the Singapore Dividend Equity Fund are restricted or suspended, provided that the Trustee is consulted;
- (b) it is not in the best interests of the Holders of the Singapore Dividend Equity Fund to liquidate a material portion of the assets of the Singapore Dividend Equity Fund, provided that the Trustee's approval is obtained;
- (c) the market value or fair value of a material portion of the assets of the Singapore Dividend Equity Fund cannot be determined, provided that the Trustee's approval is obtained;
- (d) instructed by the Authority in the interest of protecting the rights of Holders of the Singapore Dividend Equity Fund; or
- (e) such circumstances as may be required under the provisions of the Code and the Standards of Qualifying CIS.

42.3 The Managers may, with the approval of the Trustee, limit the total number of Units of any Sub-Fund or Class which Holders may realise and which the Managers are entitled to have cancelled pursuant to Clause 11 of the Deed on any Dealing Day to ten per cent. (10%) of the total number of Units of such Sub-Fund or Class then in issue (disregarding any Units in such Sub-Fund or Class which have been agreed to be issued), such limitation to be applied *pro rata* to all Holders of such Sub-Fund or Class who have validly requested realisations on such Dealing Day including the Managers where applicable, so that the proportion so requested to

be realised or cancelled pursuant to Clause 11 of the Deed is the same for all Holders and the Managers. Any Units which, by virtue of the powers conferred on the Managers by Clause 12(l) of the Deed, are not realised or cancelled (as the case may be) shall be realised or cancelled (subject to any further application of Clause 12(l)) on the next succeeding Dealing Day Provided That if on such next succeeding Dealing Day, the total number of Units of such Sub-Fund or Class to be cancelled or realised (as the case may be), including those carried forward from any earlier Dealing Day, exceeds such limit, the Managers may further carry forward the requests for realisation or cancellation (as the case may be) until such time as the total number of Units of such Sub-Fund or Class to be realised or cancelled (as the case may be) on a Dealing Day falls within such limit. If Realisation Requests are carried forward as aforesaid, the Managers shall, within seven (7) days, give notice to the Holders affected thereby that such Units in such Sub-Fund or Class have not been realised or cancelled and that (subject as aforesaid) they shall be realised or cancelled on the next succeeding Dealing Day.

- 42.4 If, immediately after any Business Day, the number of Units of a Sub-Fund or Class in issue or deemed to be in issue, having regard to realisations and issues of such Sub-Fund or Class falling to be made by reference to that Business Day, would be less than such proportion (not exceeding ninety per cent. (90%)), as may be determined by the Managers from time to time, of the number of Units of such Sub-Fund or Class in issue or deemed to be in issue on that Business Day, the Managers may, with a view to protecting the interests of all Holders of any Sub-Fund or Class and with the approval of the Trustee, elect that the Realisation Price in relation to all (but not some only) of the Units of such Sub-Fund or Class falling to be realised by reference to that Business Day shall, instead of being the price calculated as hereinbefore mentioned, be the price per Unit of such Sub-Fund or Class which, in the opinion of the Managers, reflects a fairer value for the Deposited Property attributable to such Sub-Fund or Class having taken into account the necessity of selling a material proportion of the Investments at that time constituting part of the Deposited Property attributable to such Sub-Fund or Class; and the Managers may by giving notice to the Holders of Units of such Sub-Fund or Class affected thereby within two (2) Business Days after the relevant day, suspend the realisation of those Units for such reasonable period as may be necessary to effect an orderly realisation of the Authorised Investments (provided that such suspension is subject to the provisions of the Code and (in respect of Singapore Dividend Equity Fund only and for so long as it is a Qualifying CIS) the Standards of Qualifying CIS). For the purposes of this paragraph, the “fairer value” for the Deposited Property shall be determined by the Managers in consultation with a Stockbroker (as defined in the Deed) or an approved valuer and with the approval by the Trustee. The “material proportion” of the Authorised Investments means such proportion of the Authorised Investments which when sold will cause the reduction of the NAV of the Deposited Property attributable to such Sub-Fund or Class.

Performance of benchmark (where applicable)

44. The benchmarks (if any) against which the performance of the Sub-Funds are measured are as follows:

	<u>Benchmark</u>
Nikko AM Multi Sector Credit Fund	Prior to 31 March 2022: Bloomberg Barclays Global Aggregate Total Return Index SGD Hedged * With effect from 31 March 2022: Nil
Singapore Dividend Equity Fund	Prior to 1 November 2017: Straits Times Index (STI) With effect from 1 November 2017: Nil
Horizon Singapore Fixed Income Enhanced Fund	Markit iBoxx ALBI Singapore Government Bond Index
Nikko AM Global Dividend Equity Fund	Prior to 1 December 2016: MSCI All Country World Index, USD base With effect from 1 December 2016: Nil

* Previously known as the Barcap Global Aggregate Index (SGD Hedged) or Lehman Brothers' Global Aggregate (SGD Hedged) Index.

- 44.1 Until 30 June 2001, the DBS 50 Index was used as the benchmark of Singapore Dividend Equity Fund instead of the Straits Times Index (STI) and the switch was made due to the discontinuation of the DBS 50 Index.

With effect from 1 November 2017, the benchmark of the Singapore Dividend Equity Fund has been removed and there is no benchmark for this Sub-Fund. This is because pursuant to the investment objective of this Sub-Fund, this Sub-Fund is managed on a total return basis and as such, it does not seek to outperform any benchmark.

- 44.2 Until 30 September 2001, the SSB World Government Bond Index was used as the benchmark of Nikko AM Multi Sector Credit Fund instead of the Lehman Brothers' Global Aggregate Index and the switch was done as the Managers believe it provides a broader coverage of the investments of Nikko AM Multi Sector Credit Fund compared to the SSB World Government Bond Index. Until 1 May 2003, the TOPIX Index was used as a component of the composite benchmark for the Nikko AM Global Dividend Equity Fund instead of the TOPIX Dividend Included Index and the switch was done as the Managers believe it is more appropriate to use the TOPIX Dividend Included Index which takes into account the dividends of the component stocks.

With effect from 31 March 2022, the benchmark for the Nikko AM Multi Sector Credit Fund (i.e. Bloomberg Barclays Global Aggregate Total Return Index SGD Hedged) has been removed and there is no benchmark for this Sub-Fund. This is because pursuant to the investment objective of the Nikko AM Multi Sector Credit Fund, the Nikko AM Multi Sector Credit Fund is managed on a total return basis and as such, it may not seek to outperform any benchmark.

- 44.3 The portion of the benchmark for the Nikko AM Global Dividend Equity Fund allocated to the MSCI All Country Pacific Basin ex-Japan Free Index was changed to the MSCI All Country Asia Pacific ex-Japan Index with effect from 1 August 2006 and was changed to the Russell Asia Pacific ex Japan (All cap) Index with effect from 1 April 2011. The portion of the benchmark for the Nikko AM Global Dividend Equity Fund allocated to the FTSE World Europe ex-UK Index was changed to the Russell Developed Europe ex-UK Large Cap Index (net) with effect from 1 April 2011. The benchmark of the Nikko AM Global Dividend Equity Fund was changed from

the composite benchmark of Russell 1000[®] Net 30% Index, FTSE All Share Index, TOPIX Dividend Included Index, Russell Developed Europe ex-UK Large Cap Index (net) and Russell Asia Pacific ex Japan (All cap) Index, according to their regional weights from time to time, to the MSCI All Country World Index, USD base with effect from 16 December 2013 in order to better reflect the new investment objective, focus and approach of the Nikko AM Global Dividend Equity Fund that also took effect on 16 December 2013. With effect from 1 December 2016, the benchmark for the Nikko AM Global Dividend Equity Fund (i.e. MSCI All Country World Index, USD base) has been removed and there is no benchmark for this Sub-Fund. This is because pursuant to the investment objective of the Nikko AM Global Dividend Equity Fund, the Nikko AM Global Dividend Equity Fund is managed on a total return basis and as such, it may not seek to outperform any benchmark.

- 44.4 The benchmark of the Horizon Singapore Fixed Income Enhanced Fund was changed from the 3-month SIBID rate to the UOB Singapore Government Bond All Index with effect from 1 August 2006. This allows the Managers further flexibility to invest along the duration curve in order to better meet the investment objectives of the Sub-Fund.

With effect from 1 June 2017, the benchmark for the Horizon Singapore Fixed Income Enhanced Fund was changed from the UOB Singapore Government Bond Index to the Markit iBoxx ALBI Singapore Government Bond Index (the “**New Benchmark**”). This is because the UOB Singapore Government Bond All Index was discontinued and the Managers had assessed the New Benchmark to be representative of the Horizon Singapore Fixed Income Enhanced Fund’s investment strategy and hence to be a suitable replacement benchmark for the Horizon Singapore Fixed Income Enhanced Fund.

45. **Expense ratio**

The expense ratios of the Sub-Funds (calculated in accordance with Investment Management Association of Singapore’s guidelines on the disclosure of expense ratios and based on figures in the Sub-Funds’ latest audited accounts) for the financial year ended 31 December 2022 are shown in the table below. The following expenses are excluded from the calculation of the expense ratios:

- 48.3 The Managers may from time to time have to deal with competing or conflicting interests arising from such other funds managed by the Managers. For example, the Managers may make a purchase or sale decision on behalf of some or all of the other funds managed by them without making the same decision on behalf of any Sub-Fund, as a decision whether or not to make the same investment or sale for any Sub-Fund depends on factors such as the cash availability and portfolio balance of such Sub-Fund. However, the Managers will use their reasonable endeavours at all times to act fairly and in the interests of the relevant Sub-Fund. In particular, after taking into account the availability of cash and the relevant investment guidelines of the other funds managed by the Manager and the relevant Sub-Fund, the Managers will endeavour to ensure that securities bought and sold will be allocated proportionally as far as possible among the other funds managed by the Managers and the relevant Sub-Fund. The Managers may also transact on each Sub-Fund’s behalf with its affiliates. The Managers intend to deal

with any conflicts of interests, in a manner consistent with any applicable guidelines which may be issued from time to time by the Investment Management Association of Singapore.

- 48.4 The Managers are of the view that they are not in a position of conflict in managing their other funds as these funds and the Sub-Funds have different investment universes and investment restrictions. To the extent that there are overlapping investment objectives, the Managers will, as far as practicable, endeavour to have the same securities holdings for such overlapping areas with such securities allocated on a pro-rata basis among the funds. The Deed provides that the Trustee and the Managers shall conduct all transactions with or for the Fund on an arm's length basis. Subject to the relevant investment guidelines of the Sub-Funds, the Sub-Funds may also invest in other funds managed by the Managers and/or its affiliates. In respect of voting rights where the Managers may face a conflict between their own interest and that of the Holders, the Managers shall cause such voting rights to be exercised in consultation with the Trustee.
- 48.5 The Trustee is presently also offering registrar services to the Sub-Funds while the Custodian (which is a party related to the Trustee) is presently also providing fund administration, transfer agency and valuation services to the Sub-Funds. These services are provided on an arm's length basis and the fees for these services are permitted to be paid out of the Deposited Property of the relevant Sub-Fund under the provisions of the Deed.
- 48.6 The Managers or their affiliates (together the "**Parties**") are or may be involved in other financial, investment and professional activities (including but not limited to providing discretionary investment management or investment advisory services to other clients) which may on occasion cause conflicts of interest with the management of the Sub-Funds. Notwithstanding paragraph 48.4 above, the Parties will be free, in their absolute discretion, to make recommendations to others, or effect transactions on behalf of themselves or for others which may be the same as or different from those effected for the Sub-Funds, and to do so prior to, at the same time as, or after effecting such transactions. The Parties shall not be obliged to purchase, retain or sell for the Sub-Funds any security which the Parties may purchase, retain or sell on behalf of themselves or for others, or which the Parties may recommend to others to purchase, retain or sell. Furthermore, the Parties shall be free to purchase, sell, deal in or compete for the same financial instruments as the Sub-Funds or to take positions opposite to the positions of the Sub-Funds, on behalf of themselves or for others, or to recommend others to take positions opposite to the position of the Sub-Funds. Each of the Parties will ensure that the performance of their respective duties will not be impaired by any such involvement. If a conflict of interest does arise, the Parties will endeavour to ensure that it is resolved fairly and in the interest of the Holders.
- 48.7 Associates of the Trustee (the "**Trustee's Associates**") may be engaged to provide financial, banking and brokerage services to the Sub-Funds. Such services where provided, will be on an arm's length basis and the Trustee's Associates shall not be liable to account to any person for any profits or benefits made or derived by them in connection with any such services. If there is a conflict of interest, the Trustee will endeavour to resolve such conflict quickly and in the interest of the Holders in an equitable manner.
- 48.8 The Managers or the Trustee may acquire, own, hold, dispose or otherwise deal with Units as though they were not a party to the Deed. If any conflict of interest arises as a result of such dealing, the Managers and the Trustee, following consultation with the other, will resolve such conflict in a just and equitable manner as they shall deem fit. Such dealings, where entered into, will be on an arm's length basis.

- 48.9 The Sub-Managers of the Nikko AM Global Dividend Equity Fund and the Nikko AM Multi Sector Credit Fund and NAM Americas may also have to deal with competing or conflicting interests in respect of the relevant Sub-Fund with other collective investment schemes or discretionary funds they manage. The Sub-Managers and NAM Americas will use reasonable endeavours at all times to act fairly and in the interests of the relevant Sub-Fund as required under the legal regulations applicable to them.
- 48.10 For so long as the Singapore Dividend Equity Fund is a Qualifying CIS, any measures taken by the Managers to minimise or deal with conflicts of interest in respect of this Sub-Fund will also be subject to the provisions of the Standards of Qualifying CIS.

XXI QUERIES AND COMPLAINTS

50. You should contact the distributor from whom you purchased your Units if you have any queries regarding your investment in the relevant Sub-Fund(s). You may also contact the Managers at 1800 535 8025.

XXII OTHER MATERIAL INFORMATION

51. Valuation policy and performance measurement standards of the Managers

You should refer to paragraph 8 of the Appendix for the method of valuation of investments of the Sub-Funds. Valuations shall be done on every Dealing Day. There will not be a suspension of valuation by reason of an exchange holiday. In such cases, the last available security prices shall continue to be applied for valuation purposes.

Notwithstanding the foregoing, the Managers’ pricing committee will subject to the provisions of the Code and the conditions set out in section XVI of this Prospectus retain the discretion to suspend valuation if deemed necessary. The Managers’ pricing committee is responsible for considering and arriving at a consensus decision to address any pricing disputes or valuation methodology that requires ad hoc decision due to market situation. Subject to the provisions of the Code and (in the case of the Singapore Dividend Equity Fund only and for so long as it is a Qualifying CIS) the Standards of Qualifying CIS, the Managers may request for approval to

suspend the valuation and dealing of a Sub-Fund if the fair value of a material portion of the Sub-Fund's assets cannot be determined.

The Managers collate and maintain portfolio and series data in the performance systems on a periodic basis and generate performance results to meet reporting requirements. Time-weighted rate of return (TWRR) methodology is adopted for portfolio returns calculation.

52. Hard-to-value or illiquid assets

If the most recent available price for a security invested into by a Sub-Fund exceeds one month for reasons of non-availability of prices from regular market sources and/or counterparties, an appropriate liquidity reserve shall be applied on the last available price in accordance with the Managers' pricing and valuation policy. The adjusted price shall be approved by the Managers' pricing committee prior to application.

53. You and your professional advisers should refer to the Appendix where certain selected provisions of the Deed are reproduced. The Deed is a legal document which sets out and the rights, responsibilities and obligations of the Managers, Trustee and Holders. It also sets out the investment limits and restrictions for the Managers and the method for valuing the assets of the Sub-Funds. You may wish to inspect a copy of the Deed at the address of the Managers indicated in paragraph 5 above. If you are in any doubt regarding the contents of this Prospectus, you should contact the Managers at the telephone number provided in paragraph 50 above, or consult your solicitor, financial adviser or other professional adviser.

54. Each Sub-Fund currently does not intend to carry out securities lending or repurchase transactions but may in the future do so, in accordance with the applicable provisions of the Code, the Deed and (in the case of the Units of a Sub-Fund which are EIPs, the applicable limits and/or restrictions (if any) applicable to EIPs, including the applicable provisions of the SFR(CMP)). However, the Singapore Dividend Equity Fund will not engage in securities lending for so long as it is a Qualifying CIS.

55. Compulsory realisation of Units

55.1 The Managers have the right (in consultation with the Trustee) to compulsorily realise any holdings of Units in any Sub-Fund held by:

- (a) any Holder:
 - (i) whose subscription for or holding of Units in the relevant Sub-Fund, in the opinion of the Managers, is or may be in breach of any applicable law or regulation in any jurisdiction; or
 - (ii) where such realisation is, in the opinion of the Managers, necessary or desirable for the compliance by the Managers or the relevant Sub-Fund with any applicable law or regulation in any jurisdiction (including any regulatory exemption conditions); or
- (b) any Holder whose holdings of Units in the relevant Sub-Fund, in the opinion of the Managers:
 - (i) may cause the relevant Sub-Fund to lose its authorised or registered status with any regulatory authority in any jurisdiction; or
 - (ii) may cause the offer of the Units of the relevant Sub-Fund, the relevant Sub-Fund, this Prospectus, the Deed, the Managers or the Trustee to become

- subject to any authorisation, recognition, approval or registration requirements under any law or regulation in any other jurisdiction; or
- (c) any Holder whose holdings of Units in the relevant Sub-Fund, in the opinion of the Managers:
 - (i) may cause a detrimental effect on the tax status of the relevant Sub-Fund in any jurisdiction or on the tax status of the Holders of the relevant Sub-Fund; or
 - (ii) may result in the relevant Sub-Fund or other Holders of the relevant Sub-Fund suffering any other legal or pecuniary or administrative disadvantage which the relevant Sub-Fund or the Holders might otherwise not have incurred or suffered; or
 - (d) any Holder who fails any anti-money laundering, anti-terrorist financing or know-your-client checks, or where any information and/or documentary evidence requested by the Managers and/or the Trustee for the purposes of any anti-money laundering, anti-terrorist financing or know-your-client checks cannot be obtained from the Holder, or the Holder has failed to provide the same, in a timely manner; or
 - (e) any Holder, where information (including but not limited to information regarding tax status, identity or residency), self-certifications or documents as may be requested by the Managers and/or the Trustee pursuant to any laws, regulations, guidelines, directives or contractual obligations with other jurisdictions' authorities (including, without limitation, the FATCA (as defined in the Important Information section of this Prospectus) and/or any Singapore laws, regulations, guidelines and directives implemented as part of any inter-governmental agreement entered into between the United States and Singapore in connection with the FATCA) cannot be obtained from the Holder, or the Holder has failed to provide the same, in a timely manner; or
 - (f) any Holder who does not consent, or withdraws his consent, for the Managers or the Trustee to collect, use and/or disclose information or data relating to the Holder, where such information or data is necessary for, or reasonably required by, the Managers, the Trustee, their respective related corporations and/or other service providers to perform their respective services and/or duties to or in respect of (i) the relevant Sub-Fund and/or (ii) the Holder in relation to his holdings of Units in the relevant Sub-Fund.

55.2 If the Managers and/or the Trustee are required to account to any duly empowered fiscal authority of Singapore or elsewhere for any income or other taxes, charges or assessments whatsoever on the value of any Units in any Sub-Fund held by a Holder, the Managers (in consultation with the Trustee) shall be entitled to compulsorily realise such number of Units in the relevant Sub-Fund held by that Holder as may be necessary to discharge the liability arising. The Managers and/or the Trustee (as the case may be) shall be entitled to apply the proceeds of such realisation in payment, reimbursement and/or set-off against the liability.

55.3 Any compulsory realisation under paragraphs 55.1 or 55.2 may be carried out by the Managers on any Dealing Day after giving prior written notice to the relevant Holder, and shall be carried out in accordance with, and at the Realisation Price determined under, the relevant provisions of the Deed.

55.4 The Managers, the Trustee and their respective delegates, agents or Associates (as defined in the Deed) shall not be liable for any loss (whether direct or consequential and including, without limitation, loss of profit or interest) or damage suffered by any Holder or any party arising out of or caused in whole or in part by any actions which are taken by the Managers, the Trustee

and/or any of their respective delegates, agents or Associates under paragraphs 55.1, 55.2 or 55.3.

56. Use of ratings issued by credit rating agencies

In relation to the Nikko AM Multi Sector Credit Fund and the Horizon Singapore Fixed Income Enhanced Fund, the Managers may rely on ratings issued by credit rating agencies. The Managers have established a set of internal credit assessment standards and have put in place a credit assessment process to ensure that the investments are in line with these standards. Information on the Managers' credit assessment process will be made available to you upon request.

57. Liquidity risk management

The Managers have established liquidity risk management policies which enable the Managers to identify, monitor, and manage the liquidity risk of each Sub-Fund. Such policies, combined with the liquidity management tools available, seek to achieve fair treatment of Holders, and safeguard the interests of remaining Holders against the redemption behaviour of other investors and mitigate against systemic risk.

The Managers' liquidity risk management policies take into account each Sub-Fund's liquidity terms, asset class, liquidity tools and regulatory requirements.

The liquidity risk management tools available to manage liquidity risk include the following:

- (a) subject to the provisions of the Deed, the Trustee shall at any time as the Managers may from time to time request, make and vary arrangements for the borrowing for the account of a Sub-Fund provided that the investment guidelines and limits on borrowings in Appendix 1 of the Code and (if applicable) the CPF Investment Guidelines (as defined in the Deed), are complied with;
- (b) subject to the provisions of the Code and (in respect of Singapore Dividend Equity Fund only and for so long as it is a Qualifying CIS) the Standards of Qualifying CIS, the Managers may, and shall at the request of the Trustee, temporarily suspend the realisation of Units of any Sub-Fund or Class during any period when the issue of Units of such Sub-Fund or Class is suspended in accordance with part XVI of this Prospectus. During any such suspension period for the relevant Sub-Fund or the relevant Class, Holders of the relevant Sub-Fund or Class may not be able to realise their Units; and
- (c) The Managers may, with the approval of the Trustee, limit the total number of Units of a Sub-Fund or any Class which Holders may realise on any Dealing Day to 10% of the total number of Units of the relevant Sub-Fund or Class then in issue, such limitation to be applied proportionately to all Holders of the relevant Sub-Fund or Class who have validly requested realisations in relation to their Units of the relevant Sub-Fund or Class on such Dealing Day. In such circumstances, the realisation of your Units may be delayed or the amount of the realisation proceeds that Holders will receive for their Units (upon application of Swing Pricing as described in paragraph 58 of this Prospectus) may be affected.

58. Swing Pricing

The Sub-Funds are single priced and the NAV of a Sub-Fund may fall as a result of, amongst others, the transaction costs (such as broker commissions, custody transaction costs, stamp duties or sales taxes) incurred in the purchase and/or sale of its Authorised Investments (as

defined in the Deed of the relevant Sub-Fund) caused by subscriptions, realisations, switches and/or exchanges of Units in the Sub-Fund and the spread between the buying and selling prices of such Authorised Investments. This effect is known as “dilution”.

To protect the interest of Holders, the Managers shall, in consultation with the Trustee, have the discretion to apply a technique known as “dilution adjustment” or “swing pricing” (“**Swing Pricing**”) in certain circumstances which the Managers deem appropriate. Swing Pricing involves making upwards or downwards adjustments in the calculation of the NAV per Unit of the relevant Sub-Fund or Class on a particular Dealing Day so that such transaction costs and dealing spreads in respect of the Authorised Investments are, as far as practicable, passed on to the investors who are subscribing, realising, switching and/or exchanging Units on that Dealing Day.

Typically, the NAV is adjusted if the net subscription or realisation (including switches and/or exchanges) on a particular Dealing Day reaches or exceeds a certain percentage (the “**Swing Threshold**”) of the size of the relevant Sub-Fund as of such relevant Dealing Day. The NAV will swing upwards for a net subscription and downwards for a net realisation. In relation to the application of Swing Pricing to Classes of Units in the relevant Sub-Fund, the NAV of each Class will be calculated separately but any adjustment will, in percentage terms, affect the NAV of each Class in an equal manner.

The need to apply Swing Pricing will depend upon various factors, including but not limited to (i) the amount of subscriptions and/or realisations (including switches and/or exchanges) of Units on that Dealing Day, (ii) the impact of any transaction costs incurred in the purchase and/or sale of Authorised Investments of the relevant Sub-Fund, (iii) the spread between the buying and selling prices of Authorised Investments of the relevant Sub-Fund and (iv) market conditions such as situations of financial turmoil provided that, any adjustments made by the Managers shall be (i) on a fair and equitable basis and with a view to protecting the interests of Holders and (ii) (in respect of the Singapore Dividend Equity Fund) beneficial to the interests of Holders.

Please note that applying Swing Pricing when the Swing Threshold is reached or exceeded, only reduces the effect of dilution and does not eliminate it entirely. Where the net subscription or realisation is below the Swing Threshold, no Swing Pricing will be applied and dilution will not be reduced.

The swing pricing policy for each Sub-Fund will be subject to regular review and may change from time to time. Accordingly, you should note that our decision to apply Swing Pricing and the level of adjustment made to the NAV per Unit of each Sub-Fund in particular circumstances may not result in the same decision in similar circumstances arising in the future.

Holders and potential investors into a Sub-Fund should also take note of the following:

- (a) the Sub-Fund’s performance will be calculated based on the NAV of the Sub-Fund after the Swing Pricing adjustment has been applied and therefore the returns of the Sub-Fund may be influenced by the level of subscription and/or realisation activity;
- (b) Swing Pricing could increase the variability of the returns of the Sub-Fund since the returns are calculated based on the adjusted NAV per Unit; and
- (c) the fees and charges applicable to the Sub-Fund (including fees based on the NAV of the Sub-Fund) will be based on the NAV before the Swing Pricing adjustment is applied.

In the usual course of business, to minimise the impact to the variability of the return of the

relevant Sub-Fund, the application of Swing Pricing will be triggered mechanically and on a consistent basis and applied only when the net transaction reaches or exceeds the Swing Threshold.

The Swing Threshold will be set with the objective of protecting the Holders' interest while minimising impact to the variability of the relevant Sub-Fund's return by ensuring that the NAV per Unit is not adjusted where the dilution impact on the relevant Sub-Fund is, in the opinion of the Managers, not significant, and may be varied by the Managers in their discretion.

The amount of adjustment at any future point in time may vary depending on inter alia market conditions, but will under normal circumstances not exceed 2% of the NAV per Unit of the relevant Sub-Fund or Class on the relevant Dealing Day (the "**Maximum Adjustment**"). The Managers reserve the right to apply an adjustment of an amount not exceeding the Maximum Adjustment on the relevant Dealing Day where they deem appropriate and have the discretion to vary the amount of adjustment up to the Maximum Adjustment, in consultation with the Trustee, from time to time without giving notice to the relevant Holders.

Subject to the Deed of the relevant Sub-Fund and the applicable laws and regulations, the Managers may, in exceptional circumstances (including but not limited to volatile market conditions, market turmoil and illiquidity in the market, extraordinary market circumstances or significant unexpected changes in general market conditions) and in consultation with the Trustee temporarily apply an adjustment beyond the Maximum Adjustment on the relevant Dealing Day if, in their opinion, it is in the best interest of investors to do so. In such cases, if so required by the Authority and/or the Trustee, the Managers shall give notice to the relevant investors as soon as practicable in such manner as the Managers and Trustee may agree.

59. Taxation of the Fund

The Singapore Dividend Equity Fund and Nikko AM Global Dividend Equity Fund were granted approval for the Enhanced-Tier Fund Tax Incentive Scheme (hereinafter referred to as an "**Enhanced-Tier Fund**") pursuant to Section 13U of the Income Tax Act 1947.

As an Enhanced-Tier Fund, the relevant Sub-Fund will enjoy tax exemption on Specified Income (as defined in the Income Tax (Exemption of Income of Prescribed Persons Arising from Funds Managed by Fund Manager in Singapore) Regulations 2010 (the "Regulations")) derived by the Enhanced-Tier Fund from Designated Investments (as defined in the Regulations). A circular was issued by the Authority on 19 September 2022 and it included the updated "specified income" and "designated investments" list which apply to income derived by qualifying funds on or after 19 February 2022.

Distributions made by the Enhanced-Tier Fund out of tax-exempt income should also be exempt from Singapore income tax in the hands of Holders.

The Managers will endeavour to conduct the affairs of the relevant Sub-Fund in such a way that it will satisfy the qualifying conditions for the Enhanced-Tier Fund. Notwithstanding the foregoing, there is no assurance that the Managers will, on an on-going basis, be able to ensure that the relevant Sub-Fund will always meet all the qualifying conditions for the Enhanced-Tier Fund. Upon any such disqualification, the relevant Sub-Fund will be exposed to Singapore tax on its income and gains, wholly or partially as the case may be, at the prevailing corporate tax rate. Should the relevant Sub-Fund fail to comply with any conditions imposed by the Authority, the Managers will make provision for any income tax payable by the Sub-Fund out of the property of the Sub-Fund. The relevant Sub-Fund can however, enjoy the tax exemption under

the Enhanced-Tier Fund in any subsequent period if it is able to satisfy the specified conditions in that subsequent period.

This appendix reproduces in summary form certain provisions of the Deed. You may inspect a copy of the Deed at the address specified in paragraph 5 of this Prospectus during office hours. You should note that “Trust” in this appendix refers to “Nikko AM Shenton Horizon Investment Funds”.
