COMMON REPORTING STANDARD AND AUTOMATIC EXCHANGE OF INFORMATION

Following the development by the Organisation for Economic Cooperation and Development of a common reporting standard (“**CRS**”) to achieve a comprehensive and multilateral automatic exchange of information, the Income Tax (International Tax Compliance Agreements) (Common Reporting Standard) Regulations 2016 (the “**CRS Regulations**”) have been promulgated to allow Singapore to implement the CRS with effect from 1 January 2017. Singapore has committed to commence exchange of information under the CRS in 2018.

The CRS Regulations require certain Singapore financial institutions (as defined in the CRS Regulations) to identify financial asset holders and establish if they are resident for tax purposes in countries with which Singapore has a tax information sharing agreement. Singapore financial institutions will then report financial account information of the asset holder to the Singapore tax authorities, which will thereafter automatically transfer this information to certain competent foreign tax authorities on a yearly basis.

Accordingly, Nikko AM Asia as the Manager and/or the Funds' Trustee will require investors to provide, amongst other things, information in relation to their identities and tax residences of their accounts (and the controlling persons, if any), account details, reporting entity, account balance/value and income/sale or redemption proceeds and any additional documentation or information, which will then be reported to the Inland Revenue Authority of Singapore and the other relevant tax authorities for purposes of complying with FATCA, the CRS Regulations and any similar automatic exchange of tax information regimes.
